

KOHLER BEGINS DUTIES AS GOVERNOR

BORAH TO BE BIG BOSS IN NEXT SENATE

Idaho Senator Talked of as Secretary of State in Hoover Cabinet
REVEALS HIS POWER
Stand on Kellogg Anti-war Pact Shows Him Bearing Brunt of Attack

BY DAVID LAWRENCE
Copyright 1929, By Post Pub. Co.
Washington — Senator Borah of Idaho, has been talked of for secretary of state but the role he will play in the next administration is better exemplified by what he now is doing in the senate.

Senator James Watson of Indiana, will be chosen leader and Senator Jones of Washington will probably do much of the work on the steering committee for the new administration, but the man who will control will be the Idaho senator.

This development is the result of an unusual chain of events. Mr. Borah has been "off the reservation" most of the time in preceding administrations but he became the most regular of regulars in the last campaign and made some of the most powerful speeches on the stump that were made by anybody in behalf of Herbert Hoover. In a sense he committed the Hoover administration to an extra session on farm relief and to a progressive course of action on major policies.

MAKER OF PEACE
Now Senator Borah as the defender of the Kellogg anti-war treaties has revealed himself as able to withstand attack though for the most part he has been on the offensive himself. People said he would not enjoy being the spokesman and defender of any administration, but today he is bearing the brunt of the attack against the Kellogg treaties.

Mr. Borah cannot be secretary of state but has passed the word along that he prefers to remain in the senate. It is reported that Mr. Borah favors the appointment of Dwight W. Morrow, present ambassador to Mexico and a former partner in J. P. Morgan & Company. Mr. Morrow's record in Mexico has earned him the respect and admiration of many members of the senate who would ordinarily oppose confirmation on the ground of connection with an international banking house.

His dedication to public service has been accepted here and the fact that Mr. Borah favors him is likely to be a point of no small importance when Herbert Hoover considers the portfolio of secretary of state.

Motors Repaired---Question Mark Sails On SEVENTH DAY OF EPIC AIR TRIP IS BEGUN

All Endurance Records Are Shattered by Five Men and Army Plane

Metropolitan Airport, Los Angeles—(AP) Through a blue sky flaked with clouds, the Question Mark sped at 9.26 Monday morning, passing its 14th hour aloft. The three motors propelling the huge army endurance craft to new records, hummed an even song as the seventh day of the flight was two hours old.

Metropolitan Airport, Los Angeles—(AP) The seventh day of the endurance flight of the army plane Question Mark began at 7.28.46 Monday morning after the big ship had completed 144 hours of continuous flying. At 6.45 the Question Mark made contact with a refueling plane and took aboard its usual supply of gasoline. A package of delicacies and emergency rations also was transferred.

Every endurance and distance flight record known to man and bird perched on the wide wings of the trimotored Fokker as she dived on toward to answer the question put to her by the army air corps—how long could an airplane stay in the air? In the words of the five officers aboard, the longer they stay up the better they like it.

Motor trouble which developed Saturday night apparently had been eliminated and the plane, which stayed high and close to this airport so as not to be robbed of official credit for record-breaking endurance flying in case of a forced landing, swung out over the San Fernando valley Sunday afternoon, her motors again singing merrily and her tired crew happy once again after passing the second crisis of the adventure.

TROUBLE WAS SERIOUS
The motor trouble, caused by fouled plugs, was eliminated by Captain Ira Baker, chief pilot, when he thrust open wide the throttle of the big liner, and brought the aching cylinders back into action. It was considered

MAN FREEZES HIS HANDS AND FEET

Found in Granary on Henry Voster's Farm Near Little Chute

A man who gave his name as Albert Schmitz, is in St. Elizabeth hospital with frozen hands and feet. He has no money but is being taken care of by Dr. F. P. Doherty, county physician.

Governor Walter J. Kohler (center) and his four colleagues at the head of the new Wisconsin administration. The other state officers from left to right are: State Treasurer Solomon Levitan, Lieutenant Governor Theodore Dammann, Attorney General John Reynolds, and Acting Chief Justice Marvin B. Rosenberry of the Wisconsin Supreme court.

Roads Open After First Big Storm

Work in Temperature of 18 Below Zero to Remove 13 Inches of Snow

County and city snow removal crews worked heroically in temperatures as low as 18 degrees below zero to clear the highways of the heavy snow which fell Friday night and Saturday. The snowfall was estimated at 13 inches.

Telephone communication was hindered because of wires snapped by the cold and in the southern part of the state a heavy sleet storm broke down miles of poles.

CURTAIN BUS SERVICE TO TWIN CITIES

Power Company Will Pay \$300 License Fee on Only Three Busses

Patrons of motor busses operated by the Wisconsin Michigan Power Co., and by the Inter-City Bus Co., a subsidiary of the Power Company, Tuesday morning will feel the effects of the \$300 bus license fee demanded by the city of Menasha.

The power company Monday announced a new schedule, effective Tuesday morning, for busses between Appleton and the Twin Cities. Only three busses will be operated hereafter between the Neenah terminal and the north city limits of Menasha, making connections with Appleton busses at the latter points where passengers will be obliged to transfer.

GERMAN CREW SAVED BY AMERICAN STEAMSHIP

Bremen, Germany—(AP)—The captain of the American steamer Salsburgh Monday notified the owners of the 5,600-ton German freighter Rindholm, that he had saved the entire crew of that vessel except the third officer and the ship's carpenter, when the vessel sank.

Farmers Consider Next Move In Milk Price War

Janesville—(AP)—Having been turned away from receiving plants of the Bowman Dairy company, a Chicago concern, because they refused to accept \$2.10 per 100 pounds for their milk, farmers of southern Wisconsin and northern Illinois will hold conferences Monday in hopes of settling the present milk price war.

The milk producers are determined to get \$2.85 per 100 pounds, the price announced in a notice served on the Chicago companies, effective Jan. 1. The Bowman Dairy company received approximately 3,000 pounds of milk at its Janesville plant Sunday from 13 farmers, all of whom are not members of the Chicago Milk Producers' association.

PRICE DENIES HE FLED TO FLORIDA

Janeau-co Prosecutor Says He Left Only Because He Needed Vacation

Macon—(AP)—Returning from a vacation trip to Florida and Cuba, District Attorney Clinton G. Price of Janeau-co Monday issued a statement in which he emphatically denied that he had fled to Florida to avoid prosecution for alleged graft.

ROBBERS CARRY AWAY BIG SAFE AND \$2,000

Barrie—(AP)—Robbers who entered the plant of the Progressive Lumber Co. Monday in the west end of the city, carried away a big safe and \$2,000 in cash.

DRUNKEN DRIVER PAYS FINE OF \$50

Henry Mader Will Lose Drivers' License for Six Months

Henry Mader, 1003 W. Franklin, was fined \$50 and costs by Judge Theodore Berg in municipal court Monday morning when he changed his plea of not guilty to guilty on a charge of drunken driving.

BRITONS BELIEVE KING NOW IS OUT OF DANGER

London—(AP)—The British nation was confident Monday that King George was well on the road to recovery.

VOLCANO IN CHILE IS REPORTED IN ERUPTION

Buenos Aires—(AP)—A dispatch to La Nacion from Santiago, Chile, Monday said that the volcano Calbuco was active and torrents of burning lava had set fire to nearby forests. Rivers had been swollen and the floods were carrying dead fish, lava and trees.

LIFE GREAT GAMBLE FOR TEX RICKARD

Death Ends Promoter's Colorful Career—He Made His Dreams Come True

BUCKETIN
Jacksonville, Fla.—(AP)—James M. Lynch, local hotel man and friend of Jack Dempsey, who arrived Monday from Miami with the Rickard funeral train, said that Dempsey told him he will not enter the ring again but will "pick up where Rickard left off and devote his time entirely to promotion."

SIMPLE RITES AT INDUCTION OF 5 OFFICERS

Advocate of "Business in State Government" Becomes New Executive
SWORN IN BY JUSTICE
Dammann, Levitan, Reynolds and Huber Renew Oaths at Capitol

Madison—(AP)—Wisconsin, proving ground of many experiments in political science Monday, accepted the administration of Governor Walter J. Kohler, proponent of "business in state government."

With this leadership of one of the country's principal industrialists, the state reaccepted the administration of Theodore Dammann, Milwaukee music master, as secretary of state, Solomon Levitan, former New Glarus pack peddler and political "character," as state treasurer, John W. Reynolds, Green Bay lawyer, as attorney general, and Henry A. Huber, Stoughton attorney, and long time follower of the famed La Follette, as lieutenant governor.

The ceremony of their induction into office was simple, yet set in as colorful an atmosphere as other inaugurations.

The hunting-draped platform in the south wing, center, of the capitol, on which the state and national emblems hung in heavy folds at the corners the brilliance of uniforms of the Kohler band that accompanied the executive, severely and formal Shelbygan, and the spectacle of the main rotunda crowded with dizen-of-lookers, in contrast to its usual murmur of quiet, all contributed to the spectacular brilliance of the occasion.

The solemn intonation of the promise to uphold the constitutions and laws and perform the duties of office to the best of their ability, made by the five incoming officials at the behest of Marvin B. Rosenberry, acting chief justice of the state supreme court; the quiet dignity of their march from the governor's office to the stand, and the echoes of the solemn music from the Mozart Singing club of Madison and the band as they marched through the 400 foot open "well" in the center of the capitol; the brilliance of winter sunshine through the dome windows on a gigantic American flag, hung down from the fifth floor rail all these lent beauty and impressiveness to the installation of new officers of the commonwealth.

The retiring and incoming governor came forward, Mr. Zimmerman holding Mr. Kohler's left arm. With Zimmerman standing at his side, Mr. Kohler with his right hand raised listened while Justice Rosenberry read the oath by which the governor rose to "uphold the constitution of the United States and the state of Wisconsin."

The officials and their aids and friends came craning to the capitol through snowy streets and bitter cold, from the Northwestern railroad station.

Arrest Seventeen Motorists For Early Morning Parking

POLICE START DRIVE TO KEEP STREETS OPEN

Nab Owners of Cars Found on Streets After 1 O'clock in the Morning

Seventeen motorists were caught in a police net Sunday and Monday mornings when police acting on orders of Police Chief George T. Prim started enforcing a ordinance prohibiting parking on streets here between 1 and 5 o'clock in the morning.

Arrests were made after police had stopped in restaurants and other places where lights were burning and cars were parked on the streets and ordered owners to remove them. The chief said, however, that the ordinance did not allow parking for any purpose and that it even prohibited parking long enough for the occupants of a car to stop in a restaurant to eat.

Sergeant Matthew McGinnis, Gus Hersekorn, Fred Arndt, Lester Van Roy, Walter Hendricks, Joseph Rankin and Edward Ratzman made the arrests. All the defendants were ordered to appear in court at 2 o'clock Monday afternoon.

The drive will continue this week, the chief said and all those arrested are to be taken to court.

Those to appear in court Monday afternoon are:

Harlowe Wickert, 215 E. Spring-st; Clayton Shauger, 882 N. Lawest; Jerome Aregi, 225 E. Washington-st; Tony Wagner, E. Leinwah-st; Jake Moder, 1015 N. Appleton-st; T. Conno, 314 E. Hancock-st; Orville Perrine, 318 E. Atlantic-st; S. B. McCubbin, Fond du Lac; Clyde Sexton, 219 N. Durkee-st; Myron Schwartz, Two Rivers; John Starckel, Oshkosh; Joseph Stochowski, 542 N. Drew-st; Dan Hale, 912 N. Richmond-st; Lloyd Arle, Two Rivers; William Kottler, 214 E. Harris-st; David Smith, 218 E. Commercial-st; Wallace Stenson, 745 W. College-ave.

The majority of these men were arrested Sunday morning when Chief Prim led a squad of men to start the cleaning. Monday morning a few scatter arrests were made by officers on their beats.

ANNUAL ROAD SHOW TO BE HELD AT CLEVELAND

The twenty-sixth annual convention and show of the American Road Builders' association will be held from Jan. 14 to 18 at Cleveland, O., according to word received by Mayor A. C. Rule. It is possible the common council may appoint a delegate to the convention. Last year the city engineer was sent to the gathering.

Preliminary meetings will be held Jan. 12 and 13, the program received by the mayor indicated. Saturday, Jan. 12, has been designated Manufacturers' and Distributors' day. A reception and tea for delegates from outside the United States is scheduled for the afternoon of the following day.

The program proper begins Monday, Jan. 14, which will be known as Exposition Day. Tuesday will be City Officials' Day, Pan American day will be on Wednesday, Thursday has been designated as County Highway Officials' day, and Friday, the last day of the session, will be Exposition day.

Announcement of the convention will be made at the next meeting of the common council.

CHANGE DATES FOR LEGION CONFERENCE

The mid-winter conference of commanders and adjutants of posts in the Wisconsin department of the American legion at Portage will be held Jan. 25 and 29 instead of Jan. 27 and 29, according to announcement recently made by the committee in charge. The change in dates was necessary to accommodate Paul V. McNutten, national commander, who is scheduled to address the group the opening day. Conference sessions announced for Sunday and Monday, Jan. 27 and 28, now will be held on Monday and Tuesday, Jan. 28 and 29.

WINTER ITCH

For An Important Announcement

INAUGURATED

Above is Stanley A. Staidl, who at midnight Sunday assumed the office of district attorney to succeed John A. Lonsdorf. Below is Oscar J. Schmlege, who was named by Mr. Staidl, as assistant district attorney for the next two years.

STADL APPOINTS SCHMIEGE AS HIS AIDE FOR 2 YEARS

New District Attorney Takes Office at Midnight Sunday

Oscar J. Schmlege, junior member of the firm of Lonsdorf, Staidl and Schmlege, attorneys, Monday morning was named assistant district attorney by Stanley A. Staidl, who at midnight Sunday became the district attorney for Outagamie-co for the next two years. He succeeds John A. Lonsdorf, who will continue in the practice of law but will not take any part in the affairs of the district attorney's office.

In making the appointment Mr. Staidl said: "In naming Mr. Schmlege as my assistant I have taken into consideration the fact that he has been twice elected assemblyman by the voters of the second Outagamie-co district. His election signifies his fitness for office and the fact that the people of the county trust him and recognize his ability by electing him to a public office. I have been working with Mr. Schmlege in the law business for the past eight months and feel that he is well fitted to hold this position."

Mr. Schmlege is a graduate of the University of Wisconsin and holds two degrees, bachelor of arts and bachelor of laws. He represented the first Outagamie-co district in the state assembly last year and was re-elected to that office last November. Mr. Staidl, who acted as assistant district attorney for several terms under Mr. Lonsdorf, was elected to the office from a field of six candidates.

Except for several efforts to better the service to the public Mr. Staidl announced Monday there would be no change in the policies of the district attorney's office.

One change being contemplated by Mr. Staidl is that of setting a definite time when defendants in criminal

SCOUT EXECUTIVES MEET IN CHICAGO

M. G. Clark, valley scout executive will attend the regional council officer's training conference at Chicago, Jan. 15 and 16. Conference headquarters will be at the Edgewater Beach hotel, and executives from Wisconsin, Illinois, Michigan and Indiana will attend.

MAY REMODEL OFFICE OF CLERK IN CITY HALL

Plans for remodeling the office of the city clerk in the city hall are being considered by the public grounds and buildings committee of the common council. No definite plans have as yet been recommended by the committee. The group hopes to alter the present arrangement of the office to give the clerk considerably more room.

actions are to be taken into municipal court each day. Municipal Judge Theodore Berg is heartily in favor of this plan and the judge and Mr. Staidl plan to work out the details together. At the specified time each day either Mr. Staidl or Schmlege will be in court.

Mr. Staidl pointed out that this change would be a benefit to the court, the public and to his office because it would save time and trouble for all.

NOTICE TO STOCKHOLDERS

First National Bank of Appleton, Wis., December 29, 1928. Notice is hereby given, that the annual meeting of the stockholders of the First National Bank of Appleton, Wisconsin will be held at the office of the bank on Tuesday, January 8th, 1929 at 7:30 P. M. for the election of a Board of Directors for the ensuing year and transaction of such other business as may come before such meeting.

STAGE AND SCREEN

HALF A HUNDRED SHAPELY BEAUTIES "FIGURE" IN THIS

The life of the Hollywood film "bathing girl" is just one short picture after another, unless she happens upon a part in which her pulchritude may be displayed in a feature, instead of a two-reel comedy. Over fifty shapely beauties, therefore, were delighted, fed, clothed, and enabled to pay apartment rent and installments on the radio, by the filming of First National's "Naughty Baby." The peppy comedy-drama, co-starring Alice White and Jack Mulhall, is on the bill at the Elite Theatre 4-days starting today.

In "Naughty Baby," along with representative and colorful glimpses of New York City life, is a long and interesting beach sequence. There the fifty odd beautiful extras "figure." A delectable variety of figures, in fact!

Thelma Todd, Doris Dawson, Frances Hamilton, Natalie Joyce and other notable film beauties add their charm to the scene, and figure prominently in other parts of the picture, which Mervyn LeRoy directed. An equally notable group of men make up the large supporting cast.

"SPIES," UFA PICTURES, IS BEST GERMAN FILM SINCE "PASSION"

"Spies," a UFA picture, the most distinguished production to have come out of Europe since "Passion," will be shown at the Brin Appleton Theatre as a Metro-Goldwyn-Mayer release. Tonight in conjunction with the Ambler Co. in "City Wives and Country Relatives." It was directed by Fritz Lang, one of the greatest of the Continental directors, from a story by Thea von Harbou, celebrated German writer, who has contributed many original manuscripts to the screen and written many novels, some of which have been pictured.

"Spies" is a story of murder, robbery, blackmail, treason and terror. The plot is dominated by one Haghi, a cripple who runs the Haghi Bank in Berlin and spreads terror and crime through all Europe by his complicated and perfected spy system. Through secret wireless broadcasting stations, and with va-

rious methods that are the last word in scientific contraptions never before revealed, he ferrets out government secrets, plots, treaties and twists them from their purposes to his own bad ends.

When the whole world seems about to be pitched into chaos, when it has reached the point where one cannot trust their neighbor, their employer, employee, friend, comrade or relative, the master criminal is brought to bay and his structure of evil tumbles about his ears. The whole plot is intense, gripping, moving with a mounting crescendo from scene to scene, nevertheless the climax is not suspected until the final reel.

NEW STOCK COMPANY OPENS TONIGHT

The New Stock company that is to be at the Appleton theatre every

Monday, Tuesday and Wednesday night will make its first appearance tonight. This is the new company brought here by the Brin Theatre corporation for an indefinite engagement at the Appleton returning each week with a new play. It is considered the best company of its kind in America and presents the very best of New York's laughing plays. Vaudeville is to be given between acts of the plays to eliminate all long waits. Pictures will precede the stage show tonight and the play will start about 8:45. The company will appear only at the night shows, however picture matinees will be given on the days the show is here, at the Appleton. A dramatic stock company for Appleton each week is something new and should prove to be very popular.

The play for tonight and the next

two days is "City Wives and Country Relations" and is a three-act comedy drama of the type that appeals to the masses. It is the story of the troubles of a country family that goes to the city to visit their son. You are promised the greatest number of laughs you have ever had at any show.

Edith Ambler and A. Ross Robertson will be seen in the leading roles while Walter Ambler is comedian, with the new company. A carload of scenery and electrical effects was placed in the theatre last week in preparation for the opening tonight. Pictures—music—vaudeville—drama—all for the one admission price. Come early to avoid the crowds that will be out to see the opening tonight of this excellent company.

COLDS RELIEVED INSTANTLY BY METHOD DOCTORS RECOMMEND

Advise Home Use of Hospital Method to End Colds During "Pneumonia Weather"

Goes Straight to Seat of Head or Chest Cold and Quickly Drives It Out of System

Realizing the danger as well as the misery caused by neglecting colds during pneumonia weather; doctors are now recommending home use of a remedy that is pleasant to take and capable of relieving even the most extreme hospital cases.

Nose Cleared Up—Cold Relieved Instantly!

The quick relief which came to A. L. Gillis is typical of experiences in numbers of Appleton homes.

For three days the different remedies he used failed to check the cold in his head. Then he consulted his doctor, who advised double strength doses of Ayer's Pectoral—a hospital certified medicine of wild cherry, terpin-hydrate, etc., which clears up the breathing passages.

Relief began instantly. He felt the comforting, healing warmth from his nose passages deep down into his chest—and in a few hours congestion began to loosen up. Next morning he was breathing freely through his nose and in a day or so all traces of the cold were gone.

Tempting to Take and Soon Ends Child's Cold

The six-year-old daughter of Mrs. E. M. Martin contracted a severe cold which started spreading so fast it was necessary to call the doctor. On his advice then she gave double doses of Ayer's Cherry Pectoral every half hour until congestion was relieved, then once every two hours. By supper time the child felt lots better and ate heartily for the first time in several days. That night she was able to sleep without coughing and in a day or so was rid of the cold and back at school.

Note: Other cases reported daily—call certified by attending physician.

This "hospital certified" medicine quickly penetrates and heals inflamed linings of the air passages. Absorbed by the system it helps allay congestion and drive out the cold from the nose passages, throat and chest.

Just a few pleasant spoonfuls of Ayer's Cherry Pectoral now and you, too, will feel like a different person tomorrow. Endorsed by Schlitz Bros., and all leading druggists.

ADD 1,000 CARDS TO INFO BUREAU FILES

More than a thousand cards have been added to the files of the merchants information bureau in the last three months according to a checkup recently completed by bureau clerks. The report indicates that merchants in the city are either investigating thoroughly before giving credit or more people are asking for credit. Despite the fact business generally falls off in stores after the first of the year, requests for information on persons asking credit still are comparatively numerous.

Without Any Obligation on Your Part
LET THIS GREAT WASHER — THE
1900 WHIRLPOOL
DO YOUR NEXT WASHING
\$10 DOWN — 8 Months to **\$160.00**

NEWS OF NEENAH AND MENASHA

SOCIETY

\$300 BUS LICENSE
STARTS ON TUESDAYPower Company Given One
Day Extension to Arrange
Affairs

Menasha—Mayer W. E. Held has notified Dr. K. Ellis, general manager of the Wisconsin Power company that he will comply with the ordinance relating to the operation of buses at midnight Monday night. That means that after the time specified a license fee of \$300 will be collected from each and every bus operated by his company. The time originally set by the mayor was at midnight Sunday night but Mr. Ellis asked for an extension of 24 hours which was granted. The buses were running as usual Monday.

PUBLIC SCHOOLS OPEN
AFTER YULE HOLIDAYS

Menasha—The public schools resumed their work Monday morning after a two weeks' vacation with practically all the teachers present. There were very few absent pupils. Miss Isabel Felsch, of Watertown, Wis., is substituting for Miss Ann Burk, who was injured in an automobile accident at St. Paul during the holidays.

MENASHA
PERSONALS

Menasha—Among the out of town relatives and friends who attended the funeral of Mrs. Catherine Oberweiser Saturday were Mr. and Mrs. E. Oberweiser and children, the Rev. George Casey, Mr. and Mrs. A. C. Kingston, Joseph Miller, Raymond Pinner, Frank Schmalz, A. J. Schmalz, Mrs. M. J. Stevens, Point, Mr. Hamer, Dan Levy, Mrs. Jack Foyler, Connor, Mrs. Arthur Wilson, Mrs. Frank Ruff, Fond du Lac; Joseph LeRoy, Edward LeRoy, Mrs. Ben H. LeRoy, Marinette; Mr. and Mrs. C. D. Levy, Mr. and Mrs. R. Pelpinsky, Green Bay; and the Rev. J. C. Hogan, Oshkosh.

SNOW-PLOW-DAMAGED
FIRST DAY ON STREET

Menasha—Menasha's new snow plow which was pressed into service upon its arrival Saturday was out of commission Sunday and part of Monday because it struck an obstruction which bent one part of it. The plow was ordered at the council meeting a week ago.

MERCURY REGISTERS
78 DEGREES BELOW

Menasha—While thermometers about town registered all the way from 20 to 24 degrees below zero Monday morning the government thermometer at Menasha, which registered 18 degrees below. The fall of snow Saturday amounted to approximately 13 inches, according to figures at the look.

TOO MUCH SNOW SO
HOCKEY GAME IS OFF

Menasha—The hockey game between Menasha team and the Red Wings of Neenah which was to have been played at the hockey rink at Menasha park Sunday afternoon was postponed until a later date on account of the heavy fall of snow which covered the ice. It is expected the snow will be removed from the rink by Monday evening.

MENASHA GIRLS TAKE
LAST RELIGIOUS VOWS

Menasha—Mrs. Carl Liebhauer, Miss Emma Liebhauer and Mrs. Joseph Liebhauer of Menasha and Henry Quella of Appleton left Sunday for Techy, Ill., where they attended the reception and professional ceremonies of Sunday when Sister Rosemary and Sister Joan, daughters of Mrs. Joseph Liebhauer made their perpetual vows. They will also visit Candidate Rosella Liebhauer at Holy Ghost convent and Gilbert Liebhauer at St. Mary mission house.

BOWLERS WIN PRIZES
AT OSHKOSH TOURNAMENT

Menasha—W. H. Pierce, Lantz, Muench and Burstrom, well known local bowlers, participated in the sweepstakes bowling match at Hotel Royal at Oshkosh Sunday and cleaned up \$50. Pierce and Lantz, \$10; Muench, \$10; and Burstrom, \$5. Other Menasha bowlers who attended the match were Drachm, Peck, Mike Malant and A. Henning. The lowest score in the money was 912.

CARD "SHARK" TEAM
PLAYS OSHKOSH SQUAD

Neenah—A. Henning, John Powers, W. G. Brown, J. F. Gillingham, Dr. A. C. Dubois, Clarence Arne, C. J. Quinn, Ed. Williams, J. Malow and James Pritchard, composing the Equitable Fraternal union prize card team, will go to Oshkosh Monday evening to play the third of the series of competitive games with a similar team of that city. Schafkopf will be the game of the evening.

PARALYSIS STROKE

Menasha—Peter Berrens, 623 Milwaukee street, Menasha, an employee of the Barrington Paper company of Neenah, suffered a stroke of paralysis Saturday and is in quite a serious condition. He was conveyed to Theda Clark hospital. Mr. Berrens and his family were in an automobile accident several months ago at Winneconne in which he escaped injury but from which Mrs. Berrens has just recovered.

MENASHA
BOWLING

MARATHON MILLS LEAGUE

Menasha—Maintenance No. 1 and Electrotyping No. 1 of the Marathon Mills league each won three out of four games from Maintenance No. 2 and Electrotyping No. 2 respectively at the weekly bowling match at Handy recreation alley, Friday evening. The Office and Carton teams split even, 2 and 2, with the Paper Mill and Laboratory teams. High game, 243, was rolled by V. Dennis.

REMAIN ON BOARD:
Menasha—R. M. Sensesenrepp and L. W. Whitmore were reappointed members of the vocational school board at a meeting of the board of education last week.

TWIN CITY
DEATHS

MRS. J. O. HANSON
Neenah—Mrs. J. O. Hanson, 64, a resident of Neenah for many years, died shortly after midnight Sunday of pneumonia, following a short illness at the home of her son, Chris Shoman, Main-st. Surviving are four children, Chris, Charles and Henry Shoman of Neenah, and Fred Shoman of Grant's Pass, Ore.

OBERTWEISER FUNERAL
Members of the funeral services for Mrs. Catherine Oberweiser, who died early Thursday morning were held at 9 o'clock Saturday morning at St. Mary church with the Rev. John Hummel in charge. The bearers were H. E. Landgraf, C. A. Loesch, Richard Pelpinsky, Clyde Art, David Oberweiser and Joseph Miller.

IBRENE HOKS
Menasha—Irene Marie Hoks, 9-months-old daughter of Mr. and Mrs. Dan Hoks, 217 Third-st., died Saturday. She is survived by her parents and three brothers. The funeral will probably be held Tuesday morning at St. Nicholas church, Neenah, with burial in St. Nicholas cemetery.

MOORE FUNERAL
Menasha—The funeral of Alfred Moore, who died Friday morning was held at 2 o'clock Sunday afternoon at his home on Winnebago-ave and at 2:30 from St. Thomas church. The services were conducted by the Rev. Gordon A. Fowles, and burial was in Oak Hill cemetery.

SCHOOL BOARD MEETS
ON MONDAY EVENING

Neenah—The board of education will meet Monday evening at the Kimberly high school office. Routine business and a report of progress at the new Senior high school will be considered. The Vocational board will meet Thursday evening.

CAGERS DRILLING FOR
STURGEON BAY GAME

Neenah—Practice for the game with Sturgeon Bay started Monday evening at Roosevelt school gymnasium by the high school basketball team. The team expects this to be one of its hardest battles. All of the boys have recovered from illness and injuries and have been reporting for practice. First and second teams will play next Friday night.

OSHKOSH MAN TALKS
TO BOYS BRIGADE

Neenah—Dr. Beals of Oshkosh, will address the Boy Brigade troop Tuesday evening at the Presbyterian church. The regular Monday night group will drill as usual but will join the Tuesday night group in attending the services Tuesday evening.

CHIMNEY FIRE

Neenah—A fire in a chimney at the home of Leonard Koerke on W. Water-st., called out the fire department at 9 o'clock Sunday morning. Little damage resulted.

LEGION MEETING

Neenah—The first meeting of the year of the American Legion will be held Monday evening at S. A. Cooke armory. Arrangements will be made to send a delegation to Portage to attend a state convention and plans will be made for a stag party.

Hoover Discusses Trip
In South With Coolidge

CONTINUED FROM PAGE 1

on cabinet and other appointments and a number of other subjects. His primary desire, however, is to make a personal report to President Coolidge on his mission of amity to Central and South America.

Since his departure from San Pedro on Nov. 19, for Latin-America, the president-elect has been in touch with affairs in Washington only in a most general way and there is no doubt of his surprise over such developments, particularly those relating to the extra session of congress.

He finds his own most ardent supporters in congress divided as to what should be done. Some of them contend the McNary measure should be passed before March 4 and an extra session of the new congress to take up the tariff revision, the other part of the farm relief program, should be deferred until late in the fall.

Neenah—Miss Charlotte Peters has returned from her home at West Bend, where she spent the holiday vacation relatives.

James Ballantine returned Sunday from Madison where he spent the holidays with relatives.

Mrs. Ingeborg Gorton arrived Monday from San Francisco, Calif., to attend the funeral of her sister, Mrs. Ella Cornell. The brother, Allan Maxwell of Idaho, was unable to come.

George Farmakes is in Theda Clark hospital for treatment. Glen Jones was taken to Theda Clark hospital Sunday for treatment.

Mr. and Mrs. William Smith of Chicago are visiting relatives in the twin cities.

John Christoph, Jr., and family, returned Monday afternoon to Milwaukee after attending the funeral of John Christoph, Sr.

Jack Zwick of Kaukauna spent the Sunday here.

H. Woeckner left Monday on a month's business trip through the south.

Otto Behnke was at Oshkosh Monday to attend the funeral of his mother, Mrs. Henrietta Behnke, who died last Friday.

Mr. and Mrs. Fred Wells of Waukesha, spent Sunday with relatives here.

Mrs. Frank Hardt left Monday for California where she will spend a month visiting relatives.

W. J. Leasing has left for Texas where he will spend the remainder of the winter.

Oliver Thomsen has left for Madison on a few days' business trip.

Mrs. Harvey Gorges has returned to her home at Milwaukee after spending the last week with relatives here.

Mrs. Charles Sherman, Sr., has gone to Milwaukee where she will spend the winter with her daughter, Mrs. Harvey Gorges.

PROFESSOR TO SPEAK
ON AUTOMOBILE CARE

Neenah—A lecture on the Winter Operation and Care of the Automobile will be given by Prof. E. G. Elliott of the University of Wisconsin at a public meeting at Neenah high school Monday night under auspices of the Vocational school. This will be the second of a series of lectures on operation of the automobile, and will be open to the general public. No admission fee will be charged.

WHITPEN IN CHARGE OF
HEADQUARTERS COMPANY

Neenah—First Sergeant Howard Whitpen is in charge of a troop of men of Menasha Headquarters Company, First Battalion, 127th Infantry, Wisconsin National Guard, which is to put on a silent drill on the evening of Jan. 17, following a get acquainted banquet which the company is to give at S. A. Cooke armory. This will be the first silent drill ever seen here and consists of a series of maneuvers, starting with the manual of arms and following through a large number of drills without one word issued. Those in the squares are Sgt. W. Olson, Corp. K. Olsen, Sgt. W. Arndt, Sgt. H. Johnson, Sgt. C. Rippel, Corp. A. Foster and Privates H. Krystak, J. Ciska, P. Solomon, W. Amstutz, J. Solomon, A. Bauer, D. Driscoll, E. Page and L. Adams.

NEENAH
SOCIETY

The January meeting of the C. B. Clark Circle, Ladies of the G. A. R., will be held at the armory at 7:30 Tuesday evening. Department President Mrs. Klatt of Milwaukee is confined to her home by illness according to word received Saturday and the officers of the local circle will be installed by past president Mrs. Schmeircin.

TEACHER BROKE LAW ON
EVOLUTION, IS CHARGE

James-town, Tenn.—(AP)—Prof. Clarence Gentry, principal of the Clark Range High school, has been cited to appear before the county board of education Jan. 11 to answer the charge of teaching evolution contrary to the anti-evolution statute, under which John T. Scopes was convicted at Dayton, a few years ago. The allegations include also a charge that he has further perjured for the dissemination of evolution by the addition of books on that subject to the library of the Clark Range school.

AN ANTIQUITY PARTY
Rockland, Me.—(AP)—A resident of Hore Brook reported seeing a 25-year-old boy being shot by a 16-year-old boy with a .22-caliber rifle. The boy was shot in the arm and was using a .22-caliber rifle and a .10-caliber pistol. An 18-year-old visitor was an interested spectator.

ROADS OPEN AFTER

Inches of Snow

Continued from page 1

one. Then it will be put into operation on other streets in the business section before outlying streets are cleaned. About 10 trucks were following the leader and carrying away the snow.

Streets running north and south, and all streets in the industrial section, were kept open Saturday, trucks with plows attached running back and forth on these thoroughfares all day long. This fire protection was assured practically everywhere, according to Alderman (Smelter). The fire department would have had easy access to any industrial establishment, and it could get to within a half block of almost any house in the city because passage had been made possible on the north and south streets. Approximately 35 men were employed on the streets Saturday, and about 45 men were put to work Monday morning.

The police department cooperated with the street department Saturday night in keeping the streets clear of automobiles. Cars left parked on the streets after 1 o'clock were towed to police headquarters, and owners were fined and assessed the cost of towing.

Despite the fact that the wind-driven snow constantly kept piling up on the roads motorists were able to use their automobiles because the county-operated snow removal trucks and plows were in use day and night opening lanes on the most important highways.

Monday morning six trucks and four plows were at work on the roads. Two more trucks were sent out Monday noon, and another was to be sent out Monday afternoon.

According to William Riese, superintendent of roads, the plows and men have been working day and night until the roads were entirely open. This was expected to be Tuesday.

Mr. Riese's report on roads for Monday morning follows: Highways 41, 47, 55 and 54, opened throughout the county; Highway 76, a narrow lane cleared and going in rough; Highway 25, partly open and before night all will be open. After the state and federal trucks have been opened the plows will start working on the important county trunks.

Railroad traffic in this section of the state was hampered Saturday night and Sunday, and Monday morning trains were still running from one-half to one hour and 15 minutes late. Sunday morning trains were far off their regular schedule and were running from one to three hours late. A northbound train due to arrive here at 11:35 Sunday night pulled into the local depot at 1:10 Monday morning.

Service and repair men of the Wisconsin Telephone company were kept busy Sunday, and Monday morning restoring communication between Milwaukee, Green Bay, and places west of Appleton, according to F. N. Belanger, acting district manager. Communication was cut off at intervals between Milwaukee and Green Bay, and local people were unable to reach residents of New London and other cities west here, because wires had been snapped due to contraction caused by the cold.

At noon Monday repairmen had the situation well in hand and most of the broken wires had been repaired. It was found that most of the breaks occurred where wires had been snapped by a heavy load of sleet and wires were strewn along highways, it was reported.

COLDEST OF WINTER

Menasha—(AP)—The coldest weather of the winter, with the mercury skidding below the zero mark, arrived Sunday following a storm which buried the northeastern part of Wisconsin, and the Upper Peninsula, under a snow blanket.

The southern section of Wisconsin was coated with ice, making for treacherous driving, and the hazard to motorists.

Menasha had a 9 below zero temperature at 7:00 o'clock Monday morning. It was 18 below at Wausau, 16 below at LaCrosse, 14 below at Madison and 12 below at Green Bay.

The temperature dropped more than 30 degrees in 24 hours following the heavy snowstorm in the upper section of the state and rain in the southern part.

Badly drifted snow kept county highway crews busy. Nearly all highways leading into Green Bay were blocked. Eau Claire reported a heavy snowfall but most highways open.

The Wisconsin river valley section—in the vicinity of Merrill, Wausau, Stevens Point, Wisconsin Rapids and Marshfield—had the worst storm in years Saturday. A raging wind heaped snow over highways which crews Monday were just finishing reopening.

THREE DEAD
Chicago—(AP)—The cold weather brought death to three, injuries to many, and discomfort to scores.

Drifted snow in many localities, hampered transportation, and slippery streets in Chicago made driving precarious for motorists. Pedestrians picked their way along the icy sidewalks but many suffered minor injuries from falls.

One man was dead here from the cold and the bodies of two men were found in unheated sheds at East St. Louis. All three died from exposure.

In Chicago the mercury started to fall soon after midnight, and Monday's subzero temperatures were recorded. Snow was promised for Monday night with a slight rise of the thermometer.

Everything is in readiness for a forced landing. The plane will not hold its altitude of two miles, I believe our landing has been temporarily affected because of a fog of our sight is so low, it is in a zone about our hearing is nothing."

How To Play Bridge

BY Milton C. Work

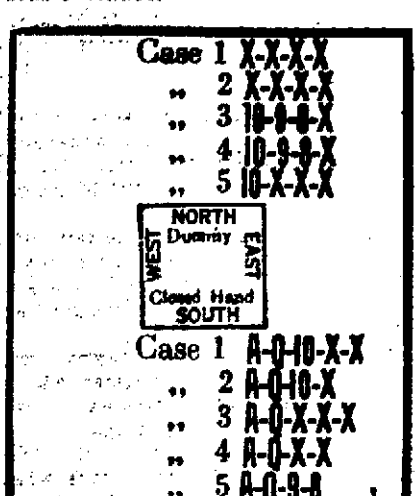

The topic to be considered today is the double tenace—L., A-Q-10.

The general rule with a double tenace is: take the single finesse when holding nine or ten cards of the suit in the two hands, the double finesse when holding eight or fewer. The single finesse is made by leading toward A-Q-10 and playing the ten. Of course the supposition is that Second Hand does not play an honor.

In certain instances the most approved finessing methods will lose. No rule of bidding or play will work perfectly in every hand, but in the majority of cases doing the correct thing will win and the player who wins in the long run must be the successful player.

Any one playing the four Aces face down on the table and offering to bet even that a particular Ace could not be selected from the lot, would win the long run if any one were foolish enough to accept his offer a number of times; at odds of 3 to 1 it would be an even proposition. So it is in Auction Bridge bids and plays. The recognized convention will win approximately three times out of four; the wrong one will win perhaps once out of four. Do not be discouraged when your right play happens to lose or an opponent's wrong play wins; stick to approved methods and the odds will be in your favor.

The following diagram will illustrate the best way to handle the double tenace:

Supposing Dummy to be in the lead and Second Hand to play small. In Case 1, the Queen should be played from Closed Hand.

In Case 2, the Ten should be played from Closed Hand.

In Case 3, the Ten should be led, and the Queen played from Closed Hand.

In Case 4, the Ten should be led, and a small card played from Closed Hand.

In Case 5, the Eight should be played from Closed Hand.

Traffic halts; storms don't

When Casey holds up his hand, the traffic stops. But not the sleet and snow and biting north wind.

In winter's worst weather, the kind that makes humane people worry even about horses, he manfully sticks to his post. Ask him how he side-steps colds or gets rid of them, and he will promptly say: "GROVE'S BROMO QUININE."

Like millions of outdoor workers, and indoor workers as well, he takes these tiny tablets, at the very first warning hint—sneezing, headache, feverish condition, or stopped-up feeling. GROVE'S BROMO QUININE fights the cold to a finish and helps to fortify the system against grip and flu. . . To be sure of getting this remedy which has won world-leadership in sales, emphasize GROVES, when asking for GROVE'S BROMO QUININE. Price 30c.

THIS HAS HAPPENED
ASHTORETH ASHE, a beautiful stenographer from Boston, is having an exciting time on ship-board.

JACK SMYTHE, an Englishman whom she meets aboard makes immediate love and kisses her during the first minutes of their acquaintance.

She snubs him after that—but he warns her, just the same, against her roommate—**MONA DE MUSSET**, a glorious and mysterious lady. Mona has been very good to Ashtoreth's presenting her with any number of beautiful gifts.

SMYTHE tells Ashtoreth that the respectable woman on board will have nothing to do with her if she continues to be intimate with Mona.

"You mean," she demands, "that she is notoriously immoral?"

Smythe inclines his head gravely.

But Ashtoreth is becoming accustomed to accepting gifts from women of doubtful morals. There is, for instance, **LITTLE SADDIE MORTON**, who extorted \$10,000 from **HOLLIS HART**, Ashtoreth's millionaire employer. And Ashtoreth has taken quite a few things from Saddle.

NOW GO ON WITH THE STORY
CHAPTER XVII

"Probably," Smythe was saying, "you do not quite understand, Miss Ashe."

Ashtoreth drew angrily from his fingers on her arm.

"Oh, yes, I do," she flared. "I understand perfectly."

"I mean about Mademoiselle de Musset," he persisted. "It isn't quite the thing for me to tell you perhaps—but—"

"No," agreed Ashtoreth testily. "I don't think it is. Mona has been perfectly sweet to me. She has a heart of gold. And I don't know that I'm particularly concerned about her morals. They're not any of my business."

"But you don't want the holier-than-thou sisterhood arrayed against you," he interrupted. "Women have to run together. The pack makes it too tough for those who don't. You can't afford, for instance, to antagonize every respectable woman on this boat in order to take up the cudgels for a girl like Mona de Musset. It simply isn't done, that's all."

"But Mona has been my friend!" cried Ashtoreth. "And what do I care about these other women—wretched old cats?"

"Mona leaves the boat at Guadeloupe," he reminded her, "and the wretched old cats are making the round trip. You won't have even me to fall back on, I go, as you know, to Antigua. It will be more than a week before I rejoin the ship. You'll be dreadfully alone."

Ashtoreth tilted her chin defiantly. "I don't care. I guess I can stand it. I'm certainly not going back on Mona."

"And you mean to go ashore with her this afternoon?"

"If she'll go."

In her heart Ashtoreth began to hope that Mona might be indisposed. It was fearfully hot and she had complained at luncheon of a headache.

They had stopped to lean against the rail. Flaming fish raced along the side of the boat, like white flame dancing in the sunshine. When they had disappeared, a school of porpoises came, turning somersaults like awkward aquatic clowns.

"Oh, look!" Ashtoreth leaned over the side. "Did you ever see anything so funny in your life?"

The jade observed that she wore about her neck swung out into the sunshine. She beat her hands excitedly on the rail. And the bracelets on her wrists clinked merrily. Smythe took the ornament between his fingers.

"Mona's jade, isn't it?" he remarked.

Ashtoreth flushed.

"Yes," she said defiantly. "And I have one of her hats on. And this sweater is hers. And in case you've been thinking I smell nice, I might add that the perfume is Mona's. And I use her powder and her bath crystals and everything. I believe I'm even carrying one of her handkerchiefs. Yes—this little chiffon thing—my own are all linen. Smell!"

She flicked it under his nose.

"That perfume," she said, "cost \$54 an ounce. It's Mona's, of course."

Smythe dropped the medallion.

"I wonder," he said, "if Mona had never given you a thing, if you'd be so fond of her. If, for instance, she was just a common, everyday little tramp, without any jade, or French perfumes, or imported corsets—I wonder, if you'd be so beautiful loyal then."

"Of course I would!"

Ashtoreth defended herself indignantly.

"I enjoy wearing her pretty things, of course. That wrap I had on last night—the red one—was hers. She gave it to me. She's given me any number of things. I rather hated accepting them—at first. Maybe I haven't very much pride. But I'm telling you the truth, anyhow. I'm not fourishing. And I'm being just as truthful when I swear that Mona's gifts haven't a thing to do with the way I feel about her."

Smythe smiled cynically.

"Well, it's hard telling," he said. "I suppose you think you're being honest, anyhow. But, you know, I wonder sometimes if women are ever altogether honest—with themselves."

All druggists, 25c, 50c, \$1.00. Adv.

or anybody else. Upon my word, I don't think so.

"I think women sell everything they've got. Friendship. Love. Loyalty. Everything. Courtesans sell their bodies—and drive a hard bargain with them. They're honest, at least. But all you respectable women, with your little lies and evasions. And your sickening delicacies—"

"You know how Mona de Musset got that jade? It's a price you wouldn't pay—"

"Is that so?"

Ashtoreth turned her back to the shining sea and faced him squarely.

"You know perfectly well that I didn't know anything about Mona or her jade!"

"And you didn't care?" he taunted.

"I wasn't policy to ask questions."

"Well, you didn't think I was going to ask her if she'd come by her things honestly?"

Ashtoreth laughed. "Maybe you gave them to her?" she hazarded.

"Oh, no!" he protested. "I've never given Mona anything."

"You wouldn't," Ashtoreth told him rudely. "And I don't care what you think. Maybe it's the truth. Maybe I do like her, because she's been so generous. I don't know what difference it makes why I like her. It's enough, isn't it, that I do?"

And you can't tell your head off about her—and even old cat on board can cut me dead—I'd rather be with her than any of you!"

The Englishman bowed.

"Perhaps," he suggested insolently, "it will be more profitable."

Ashtoreth turned on her heel.

"You're the rudest person I ever knew!" she told him.

"And you," he retorted, "you're a gold-digger!"

She left him standing there and went to join Mona. But their deck chairs were empty and Mona's book, with a box of chocolates, lay on her steamer rug. Ashtoreth threw herself down.

She was furiously angry with Jack Smythe. He was the most preposterous person, she assured herself, that she had ever known. How could he think such utterly unspeakable things of her!

She fondled Mona's jade tenderly. It was cold as ice in her hands. She knew that real jade is always cold, and she thought, fantastically, that if she had millions and millions of dollars she would live in the tropics, where it was always warm. And she would have jade to keep her cool. A couch, like Cleopatra's, to sleep on. And jade things all about, to put her hands on. Medallions to wear on her breast. And bracelets to reach from her wrists to her shoulders. . . . Oh, wouldn't it be wonderful to be rich! And have just everything you wanted!

The thought of Saddle. Trivial, inconsequential little Saddle. Saddle had everything she wanted—or almost everything. Saddle was awfully generous, too. She had, for instance, given Ashtoreth a perfectly marvelous negligee, and a nightgown, and those darling little mules. And then she had loaned her that stunning camel's hair coat, and the suede hat to match.

Ashtoreth's face grew suddenly hot. She held Mona's jade to her cheeks to cool them.

And all the time she was thinking, "Jack Smythe told the truth! I'm like the woman he said. I sell my friendship . . . Saddle. And Mona. I've taken everything they've given me—both of them. I've given nothing in return. . . . And in my heart I despise them both. Why, I'm just as bad as he said!"

Retrospection may be salutary. But Ashtoreth seldom found it pleasant. Dismissing the hateful notion, she picked up Mona's book.

There was something on the fly leaf in Mona's writing. She wrote a broad, untidy hand, and Ashtoreth recognized it immediately. A bit of doggerel. A whimsical little thing. It sounded exactly like Mona.

This was it:

"Talk to me tenderly, tell me lies;

Over 3 Million Americans Daily On Sick List

Insurance statistics show that there are over 3 million people sick every day in the U. S. Naturally there are more than this—consider the many millions who do not report their illness.

Rather a deplorable condition to be sure—but the truth is in this rush age of machinery, people haven't the vitality and stamina to resist disease—they are constantly ailing with headaches, colds, physical fatigue and nerve exhaustion.

That's why McCoy's Tablets are becoming more and more known as America's Health Builder—their invigorating and health-promoting qualities quickly help recharge weak, run-down, tired bodies with new vitality, energy and physical strength.

Fortify yourself against epidemics and contagious diseases—throw off that burden of nervousness, sapped vitality and body weakness—enjoy the splendid health and happiness McCoy's Tablets are known to give.

If you need more flesh, are run-down, weak, nervous and feeling miserable, you can get 60 McCoy's Tablets for 50 cents at Schlicht Bros. or any druggists in America.

You can take these tablets for 30 days—then if you are not satisfied with the improvement in health get your money back.

INVISIBLE ZEMO

I am a woman, and time flies. I am a woman, and out of the door Beauty goes to come no more. Talk to me tenderly, take my hand: I am a woman, and understand. I am a woman, and must be told. Lies to warm me when I am old."

Ashtoreth smiled. She wondered how old Mona was. And if she really felt that way. Twenty-eight, perhaps. Or 30. It must be awful to know that you were growing old. Everybody was, of course. But 30—why, that was sort of getting middle-aged. Maize always said if a girl wasn't married by the time she was 30 she never would be. Well, Mona didn't want to get married, anyhow. Why should she? She had everything in the world. . . . And love besides. . . . If Jack Smythe—and all the wretched old cats—knew what they were talking about.

Ashtoreth turned the pages of Mona's book. Swinburne. She tried to remember what sort of a poet he was supposed to be. Was it Swinburne and Keats that everybody thought about together? Or was it Shelley and Keats?

"Some day," vowed Ashtoreth, "I'm going to read a lot of poetry, and the biographies of all the great poets. One really should."

She had heard something about Swinburne. But she simply couldn't place him. That was too bad. She'd have liked to say something casually about him, to sort of impress Mona. You wouldn't think now that Mona was the sort of girl who'd read poetry. Well, you couldn't ever tell.

Ashtoreth turned the pages. Here was something penciled. Something probably that Mona liked. She read it slowly:

"From too much love of living,
From hope and fear set free,
We thank with brief thanksgiving
Whatever gods may be,
That no man lives forever,
That dead men rise up never;
That even the wisest river
Winds somewhere safe to sea."

Ashtoreth closed the book, and shivered. . . . "From too much love of living. . . ."

Saint Thomas the first of the Virgin Islands, lay ahead. Its feet in the sea. And mists hanging over its mountains.

The passengers were flocking to the rail. Where was Mona?

(To Be Continued)

Smythe makes more love to Ashtoreth and this time she likes it—in the next chapter.

LITTLE JOE
A DANGER SIGN ON A SKATING RINK IS A THIN EXCUSE.

Ashtoreth smiled. She wondered how old Mona was. And if she really felt that way. Twenty-eight, perhaps. Or 30. It must be awful to know that you were growing old. Everybody was, of course. But 30—why, that was sort of getting middle-aged. Maize always said if a girl wasn't married by the time she was 30 she never would be. Well, Mona didn't want to get married, anyhow. Why should she? She had everything in the world. . . . And love besides. . . . If Jack Smythe—and all the wretched old cats—knew what they were talking about.

Ashtoreth turned the pages of Mona's book. Swinburne. She tried to remember what sort of a poet he was supposed to be. Was it Swinburne and Keats that everybody thought about together? Or was it Shelley and Keats?

"Some day," vowed Ashtoreth, "I'm going to read a lot of poetry, and the biographies of all the great poets. One really should."

She had heard something about Swinburne. But she simply couldn't place him. That was too bad. She'd have liked to say something casually about him, to sort of impress Mona. You wouldn't think now that Mona was the sort of girl who'd read poetry. Well, you couldn't ever tell.

Ashtoreth turned the pages. Here was something penciled. Something probably that Mona liked. She read it slowly:

"From too much love of living,
From hope and fear set free,
We thank with brief thanksgiving

IT'S GOVERNOR KOHLER NOW

Today Walter J. Kohler is inaugurated governor. It is an event of more than ordinary importance, as such ceremonials go. It represents a change, not merely of executive government, but of political policy in state affairs. Without renouncing La Follette principles in national issues, the people of Wisconsin have voted conclusively for a new deal locally. The men who have posed as La Follette supporters and inheritors of his virtues have justly forfeited the confidence of a majority of the voters by their conduct at Madison during the last few years, during which time they have created nationwide prejudices against the state and have driven from it much capital and productive enterprise. Nearly a decade of this mischievous action has worked great damage to Wisconsin, and not a living soul has benefited by it except a few politicians.

An opportunity to turn over a new leaf is presented by the election and installation of Mr. Kohler as governor. Mr. Kohler gives no evidence of going to reactionary extremes. On the contrary, we think his record and his public utterances disclose a distinctly progressive mind, and a desire to serve the state for the genuine benefit of the people at large. He gives evidence of being more modern and constructive in his administration than any governor since the elder La Follette's time. Our bourgeois and selfish interests need expect nothing of him.

The attitude of the legislature toward the new governor's program and recommendations will be a large element in the success or failure of his administration, although refusal to cooperate would not necessarily bar his reelection. A strong executive loses nothing by political obstruction, and is far more effective in "appealing to the people" than professional or antagonistic politicians. We believe Mr. Kohler possesses those qualities which make for understanding and cooperation in departmental organization and in legislation. We expect to see him successful in reasoning with legislators and in the presentation of his views. Mr. Kohler, it should be kept in mind, represents no faction in Wisconsin's bitterly involved politics. He made his campaign "on his own." He had support from all sources and all sorts of groups and individuals. He is a representative governor.

Since his administration marks the first real opportunity to discard political persecution with its long train of evils and repercussions, and to turn to sane and enlightened methods, its character and success are of the utmost importance to Wisconsin. Mr. Kohler's inauguration is therefore exceedingly auspicious. He is entitled to open-mindedness on the part of all in his willingness and desire to give the state the benefit of talents which have made him outstandingly effective in the business and industrial world. That success was based on advanced social theories and a progressive attitude all the way through. He should be the same in public leadership and authority.

The final move to block Mr. Kohler's elevation to the governorship need hardly be discussed. It is quite without standing, as the other moves have been. There is nothing on which he could or should be disqualified. Rival politicians, not the purity of elections or principles of government, are the sole stake. The people will pay no attention to them. The people are interested in the prospect of better government by a brand new type of executive.

PERMANENT EXPERTS

If Mr. Irving T. Bush, business organizer, had his way the various departments at Washington would carry permanent staffs of experts headed in each case by "a man capable of earning \$50,000 a year in private business." Above this man there would be, theoretically, a cabinet officer; but the latter presumably would lean on the expert more than he would direct him. Mr. Bush does not reveal how he would attract his \$50,000 men, but contents himself with an assertion that "such men are to be had, and under proper circumstances would do public work for \$20,000 a year." His suggestion is further complicated by the fact that he proposes staying within the civil service for the choosing of these experts.

This seems to indicate that Mr. Bush believes \$50,000-a-year men can be obtained through the ordinary grist of the civil service system, working up through the ranks. He would "form committees in each department to select the subordinates, permanent heads, and their assistants out of the personnel selected under the civil service rules, but with a single regard for ability and no thought for seniority."

Many doubts will at once arise as to whether this particular scheme of committee appointment from below would work out satisfactorily, but Mr. Bush deserves credit for a serious attack upon one of the most perplexing problems in federal government.

That is the problem not only of changing administrations but complete change of management in each department, even those whose work is merely routine and whose policy should remain constant. New cabinet members, except in rare instances of men of remarkable capacity like Mr. Hoover, are novices for half a term of office; if they busy themselves too much or exercise authority they are a disrupting influence due to their lack of real information. Many times the choices for these offices are made on solely political grounds, without the least basis of experience or aptitude.

Under the circumstances we badly need a permanent executive organization such as Great Britain possesses in its undersecretaries, who see administrations and parties come and go without greatly affecting their uniformly excellent administration of the departments under them. New cabinet members in that case may supply ideas, may help to keep the experts from getting into a rut, but are less likely, on the other hand, to demoralize departments by ignorant meddling.

THE CHINESE MARKET

An article in the current Magazine of Wall Street emphasizes the enormous potentialities of the Chinese market as a field for American exporters.

There are 400,000,000 people in China. The vast majority of these people, at present, use almost nothing that does not come from their own vicinity. But the new regime in China, seeking to rehabilitate the country, have great plans for raising its economic level. They are now projecting a \$10,000,000 road building program, and hope it will be merely the first step in a general awakening.

It is easy to figure out the tremendous demand for goods that will come if these 400,000,000 Chinese are lifted even slightly in the economic scale. American industrialists who are prompt in cultivating the Chinese field stand to reap huge dividends a few years from now.

OUR WAR WITH JAPAN

We haven't heard quite so much in recent years about that American-Japanese war that was accepted as inevitable a short time ago. Somehow, the impression seems to be gaining that the Japanese sincerely want to be friendly.

A little dispatch from Tokio the other day told how the new Mikado reviewed his fleet. In the line of 180 fighting ships were eight "capital ships"—battleships and battle cruisers armed with huge guns. They made a magnificent, warlike spectacle.

But in 1919 the late Mikado reviewed his fleet, and there were 21 capital ships in line. All but eight have been scrapped under the Washington treaty. It does look as if Japan really meant her protestations of friendship. No nation with hostile designs would throw away 13 battleships.

U. S. air mail postage for October totals \$77,122, an increase of 10 per cent over September.

Dull eyes may be due to indigestion, late hours or too much reading.

POST-TONIC

The Remedy in Worse Than the Malady

APRIL SUNSHINE
A darkey claimed he could eat four loaves of bread, four pounds of cheese, and two quarts of milk at a sitting. After watching him perform a man bet his friend that Sambo could repeat the performance. A time was arranged next day and the meal started. Halfway through Sambo confessed himself beaten.
"Say!" cried his bucker angrily, "You've made me lose \$25."

"Well, boss," replied Sambo, "Ah don't know what's wrong. Ah was all right when Ah rehearsed dis morning."

Now that the courts have decided that a man has a right to control his wife, all we have to do is tell the wives about it.

A Washington family had four sets of twins in seven years. Another case of seven years of plenty.

Elsie—Bruce threatened to kiss me on the ear! Mama—I hope you told him you couldn't listen to such a thing.

A Russian couple was married and divorced in 40 minutes the other day. This must be a stunt to get all the big movie stars coming over to Russia.

Prize Idiots—The man who contemplates offering President Coolidge a job in the talking pictures.

She—You ask me to marry you. Can you see your answer in my face?
He—(absently)—Yes—er—er it's very plain.

Kiss! g under the moon is punishable by imprisonment, according to a new rule, in Italy. Already two marriages have been postponed as a result of penalties imposed on lovers caught breaking this law. Well! It's an ill wind that blows no one any good.

A beauty parlor in Milwaukee is suing the telephone company because it was given the same number as an old ladies' home. Some think this wasn't very much of an error, after all.

A rooster discovered an ostrich egg and rolled it into the hen house and said: "Now, ladies, I do not want to embarrass you, but here's a sample of what other people are doing."

The unusual thing happened in a southern town the other day when a Negro woman committed suicide.

"Why is it, Rastus," an old Negro was asked, "that so few Negroes ever commit suicide?"

"It's dis way, boss; when a white man gets in trouble and sets down to worry over it, he gets despondent and kills himself. When a Nigger sets down he goes to sleep."

Judge: "Why do you want a divorce, Rastus?"

Rastus: "Ah wife don't make an ironical remark."

Judge: "An ironical remark?"

Rastus: "Yes, boss—she don't said if yo' all don't go to work Ah'll crown yo' wid dis flation."

"Is that all the work you can do in an hour?" asked Sam's new employer.

"Well, boss," said Sam, "I dussay I could do mo'—but I nevah was one for showin' off."

ACCIDENT INSURANCE

"Say, Boss," cried the dark-skinned customer, rushing much perturbed into a store, "a no-count boy has threatened my life. Ah craves protection."

"How about a bullet-proof vest?" queried the man behind the counter. "Without, plumb wuthless. Ain't yo' got no razor-proof collar?"

"Once I saved a man's life, but I never got a medal for it."

"Give particulars, please."

"An inebriate once came home to his apartment and turned on only the hot water to take a bath in, and he would have scalded to death, only I happened to be janitor of the building and there was no hot water."

It's easy to select the most comfortable chair. It's the one occupied by friend wife's little woolly dog.

Gillett: "Did you ever kiss a girl when she wasn't looking?"

Terry: "Not when she wasn't good-looking."

Mr. Justwed: "Why are we having fish every day for dinner, darling?"

Mrs. Justwed: "Well, dear, mother told me a lovely recipe for removing a fish bone when it sticks in the throat and I want to try it."

"It was nice of Nick to buy his wife a new washing machine."

"Yes, the old one made so much noise he couldn't sleep."

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Monday, Jan. 10, 1904

The Womans Foreign Missionary society of First Methodist church was to meet the following afternoon. Those who were to take part in the program were Sabra Deltor, Mrs. Percy Miller, Alice Egan, Mrs. Anderson, Florence Rhodes and Bessie Young. Mrs. D. L. Coyer and Enid Saecker.

Dr. George Chafee was among the Appleton persons who witnessed the production of the play, "The Chaperones," at the Oshkosh theatre the previous Saturday night.

Mr. and Mrs. J. Austin Hawes, and Mr. and Mrs. M. F. Mitchell were in Oshkosh the previous night to see "The Chaperones."

Mr. A. L. Lane celebrated his fortieth birthday anniversary by entertaining the Merry Sixteen club.

Joseph Ravens left for Park Falls that day where he was to be employed in the future. The officers and advisory board of the Outagamie County Pioneer association was to meet Saturday afternoon, Jan. 23 at the Briggs house. Officers of the association were John Dey, president; C. E. Ballard, vice president; W. M. Robie, secretary and Ira Scott, treasurer.

TEN YEARS AGO
Monday, Jan. 6, 1913

Col. Theodore Roosevelt died suddenly early that morning. He was twenty-sixth president of the United States.

Gov. E. L. Phillips and other state officials were inaugurated without ceremony that day.

Miss Elizabeth Barth, daughter of Mr. and Mrs. Herman Barth of Center and Marion Summers were to be married the following afternoon at St. John church.

Miss Mayme Holford entertained a few friends at her home on Pacific street, the previous afternoon. The guests included Col. Stammer, Mr. and Mrs. Helen Coyer, Mary Thom, Mary Rogers, Dorothy, Helen and Lena Thomas.

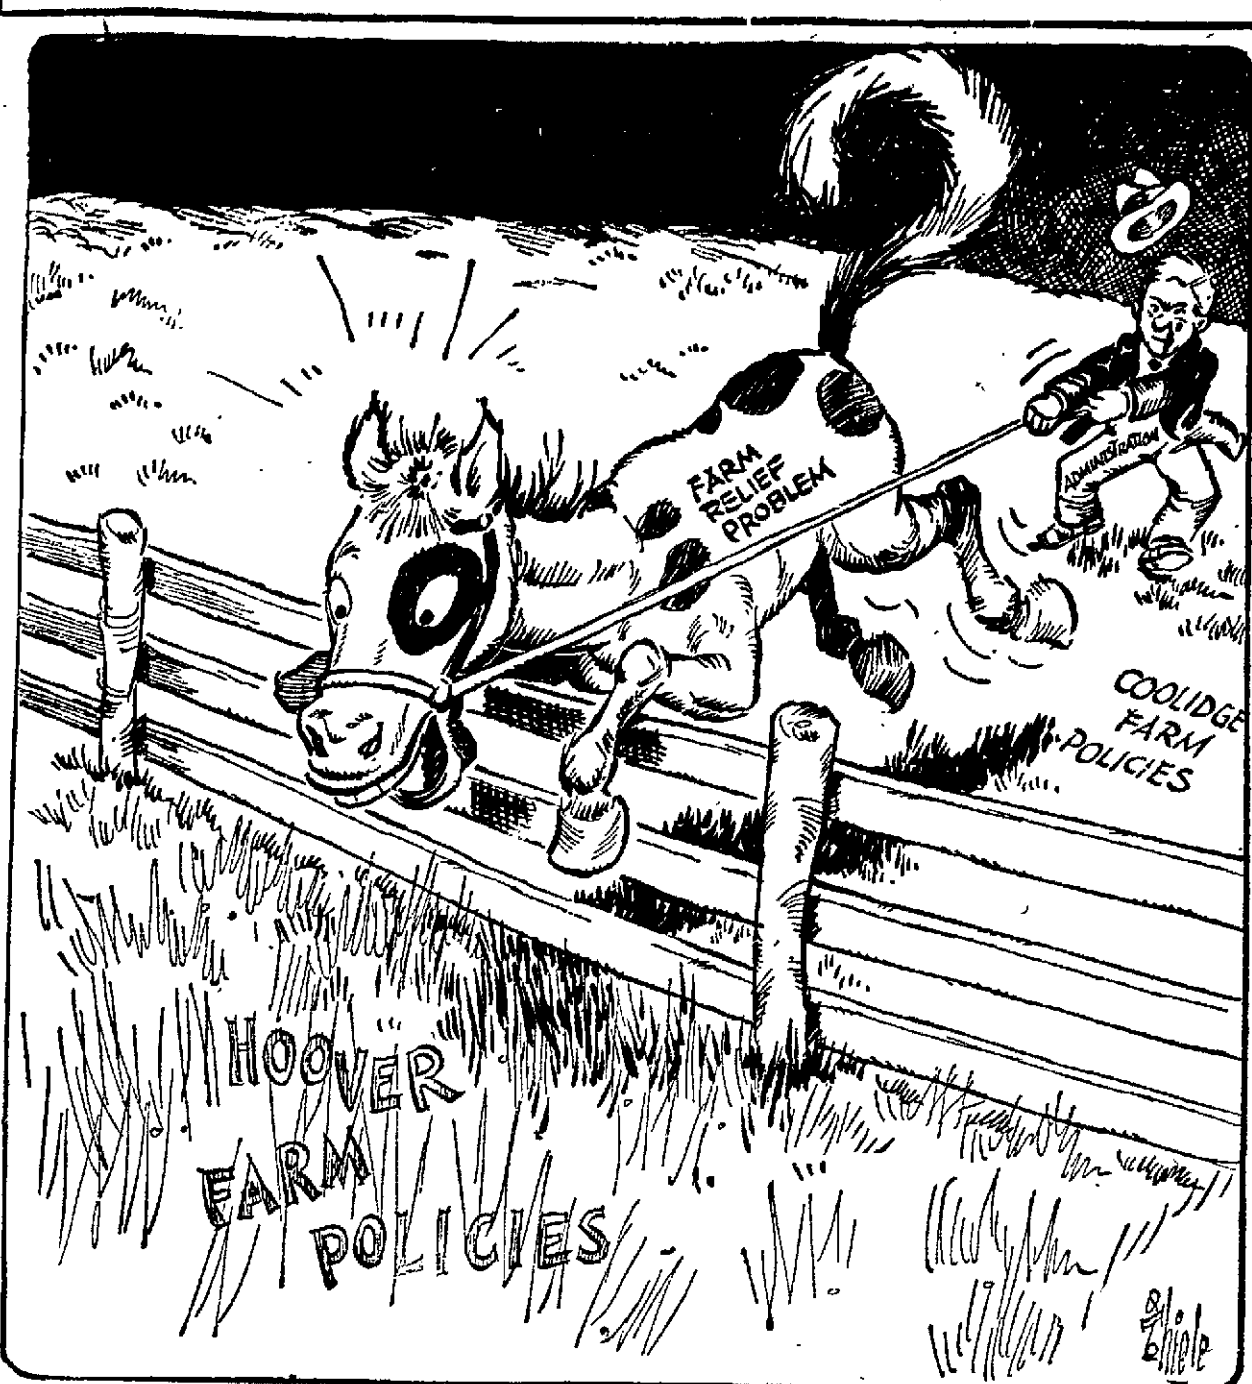

Miss D. D. Ziegler returned from Koshongka the previous day.

Miss Barbara Kenna returned to Chicago that morning to resume her work at a book company.

Miss Della Russell returned to Prairie du Chien that day to reside with her mother.

Miss Eliza Carter was visiting several friends with relatives in Chicago.

The Other Pasture Looks Greener!

Personal Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

TESTING THE VISION

The examiner for the state bureau of motor vehicles set up a Snellen test card twenty feet away from the eyes of a lady who applied for license to operate a car. Then the examiner interposed a smoke cloud—from his cigarette—and asked the applicant to read the symbols on the card. Then he informed her that she would have to get glasses before she could gain the coveted permit to navigate. Of course this was sheer nonsense, as the lady had good vision and required no glasses. It just goes to show how inaccurate and unreliable such a test of vision may be, when it is entrusted to unskilled hands.

Ability to read the test type card at the distance that is normal for the different sizes of symbols printed on the card by no means indicates good vision, nor does inability to read any particular symbols on the card spell defective vision necessarily. The Snellen test card does reveal most cases of myopia (nearsightedness), but a few cases of hyperopia (far-sightedness) unless it is extreme. Nearsightedness is most common in childhood; farsightedness usually comes when we are older. So it is ridiculous for the state to put a test type card in the hands of a dumb John clerk or examiner or collector of coin and pretend he can determine thereby whether the simple citizen has defective eyesight. It would be just as sensible to supply such an examiner with the same crossword puzzles and tell him to reject the morons who might attempt to get a license to operate a motor vehicle.

Medical officers of the public health service conclude from a study of a large number of eye examinations of school children in various communities, that:

1. The Snellen (test type card) test reveals but a small percentage of the actual number of refractive errors.

2. The myopic eye is nearly always discovered by the simple Snellen test.

3. The hyperopic eye is rarely found with this test, and then only the very severe types are revealed.

4. The astigmatic eye may be found with the simple Snellen test. Of course, this does not reveal the type of visual defect; it shows only that certain eyes can read only certain letters at a specified distance.

5. The frequency of myopia (nearsightedness) tends to increase between the 7th and 12th years. This is very important as myopia may develop rapidly. For this reason all school children should have the simple Snellen test (reading the symbols on the card) twice a year.

6. Of the 66 per cent of eyes which read 20-30 or better and appeared normal, 32 per cent read 20-50 or worse when a cycloplegic was used (dropped), thus indicating that many eyes work under a handicap. Nearly one-fifth of all the children tested 20-100 or worse after the cycloplegic.

7. The hyperopic (farsighted) eye tends to improve with advancing school age.

8. The myopic (nearsighted) eye tends to improve with advancing school age.

9. These observations indicate that it is advisable to make regular annual examinations of the eyes of young persons when vision is known to be defective.

QUESTIONS AND ANSWERS
Paraffin in Checks

Do you know of any method of removing injected paraffin from the checks? Would such an operation be dangerous or liable to leave scars (N.G.)

Answer—Once paraffin is injected into the tissues it is impossible to remove it without leaving scars. You should consult a reputable dermatologist (surgeon skin specialist) to see if there was no preliminary assurance

that the court would treat the case as a test of the vast physical valuation issues both sides desired to have hinged upon it.

The line is just a little ten mile affair that lets near-beer flow from a St. Louis brewery to a thirsty world; but it is a common carrier subject to federal regulation. Hence the extraordinary character of its excess profits to the government assumed.

Excess profits upon what valuation of the road? There is a difference of less than half a million involved in this specific case, but expanded to cover valuation of all railroads, the divergence of view aggregates ten billions and up. If such an issue is to turn on the St. Louis-O'Fallon decision, the tail is wagging the dog with a vengeance.

INVOLVES FREIGHT RATES
What's behind it all, of course, is nature freight rate levels. In a letter prompted by a previous comment on this case, John D. McCarty of Savannah, assistant to the president of the Central of Georgia, makes the point to the bystander that railroad credits needs, not physical valuation of their property, ought to be the rate making measure. Inadequate earnings means loss of the ability to borrow new money for expansion to meet future transportation needs in a fast growing country, he said, adding:

"Railway valuation has little or nothing to do with this question. Changing the valuation, either by making it higher or lower, would not change the credit needs of the railroads or the level of rates that should be established to provide earnings sufficient to meet those needs."

Regardless of this theory, congress has provided the physical valuation yardstick. The question at bar—perhaps—is what kind of a valuation did it mean, a more or less arbitrary figure for government purposes only, or one representing stock market value, or credit or reproduction cost? That's where the ten billion dollar hitch comes in.

It is impossible to explain a man like Rasputin. There is no question about his personal magnetism. He was no common man. The coolest heads have testified to his weird power. The czar and his courtiers were almost in complete subjection to him, in spite of the fact that he was only a peasant from the steppe of Russia, with no influence and no connections. He named and discharged prime ministers. He controlled governmental matters of the greatest importance. He was highly clairvoyant and had unusual psychic power.

He was a man of deep religious devotion and the most outrageous libertine at one and the same time. He was a drunkard and a glutton and a sexual rake he was able to inspire thousands who knew the facts about him with religious fervor.

He is not to be explained and the author does not try. He was a strange and complex phenomenon and the merit of the present volume is that it recognizes this and shatters the popular legend.

This will be materially decreased of course when the "due for cigarette lights" becomes more general.

A Kansas newspaper makes a top headline on page one of "Pretty Woman Acquitted by Jury." Oh, well, they have to have something to fill up the papers these days.

Broadway is full of actors out of work. Another chance for Congress to pass some more splendid relief legislation.

The annual fire loss of the United States is something like \$550,000,000.

Mrs. Frank Vanderlip says there really is no New York "society," because there's no leader to decide who's in society and who isn't. Now that's going to spoil our whole year.

Adventures In The Library

By Arnold Mulder

"THE RASPUTIN MYSTERY"

During the war when Russia was dropping away from the Allies the influence of Rasputin on the czar and Czarina was often the subject of angry criticism. He was painted in the newspapers as a monster of vice.

More than ten years have passed since he was shot down by an assassin and the picture in the mind of the public of this strange Russian is still essentially what it was then—that of a human monster who richly deserved the death he suffered.

There is now an opportunity for English and American readers to correct the picture. Perhaps after reading "Rasputin, the Holy Devil," by Rene Fulp-Miller, translated from the German by F. S. Flint and D. P. Tait, you will still be of the opinion that the contemporary picture was more or less correct. Certainly the biographer makes no effort to whitewash his subject and there was enough vice and debauchery in the public and private life of Rasputin to make it entirely reasonable to keep the contemporary view of him. But there is something else also and it is that which makes the book doubly interesting. There is a consciousness on the part of the author of Rasputin as a highly complicated nature. He cannot be explained as merely a vicious man. It is not at all certain that, given a certain point of view, he was not as much a saint as a devil.

The legend of Rasputin as a "holy devil" has been carefully encouraged the past ten years in Russia for political purposes. Rasputin was the favorite of the czar. The royal family was murdered by the soviets. It was obviously good politics for the soviets to discredit the royal family and everybody connected with them. Their execution had to be justified to the Russian people. Discrediting Rasputin was the same as discrediting the czar and his regime.

Hence the soviets published a book at state expense in which Rasputin was put in as bad a light as possible. A bitter enemy of Rasputin, a monk-priest called Ilodor, also published a book "The Holy Devil," in which he said every discreditable thing he could about Rasputin. Nearly all the biographers in Russia out of it have followed these two books and so the legend of Rasputin has become fixed.

There was one dissenting voice. Rasputin's daughter Natronia published a pamphlet that she called "The Truth About Rasputin." She paints him as completely and wholly a saint. But there are too many facts to the contrary, facts about which there is no dispute, to accept the portrait by his daughter.

The present biography is the first attempt to get a non-political, non-personal, unbiased portrait of the strange man who played a conspicuous part in the history of Russia at a critical moment and hence in the history of the world.

It is impossible to explain a man like Rasputin. There is no question about his personal magnetism. He was no common man. The coolest heads have testified to his weird power. The czar and his courtiers were almost in complete subjection to him, in spite of the fact that he was only a peasant from the steppe of Russia, with no influence and no connections. He named and discharged prime ministers. He controlled governmental matters of the greatest importance. He was highly clairvoyant and had unusual psychic power.

He was a man of deep religious devotion and the most outrageous libertine at one and the same time. He was a drunkard and a glutton and a sexual rake he was able to inspire thousands who knew the facts about him with religious fervor.

He is not to be explained and the author does not try. He was a strange and complex phenomenon and the merit of the present volume is that it recognizes this and shatters the popular legend.

This will be materially decreased of course when the "due for cigarette lights" becomes more general.

OIL PROSPERITY DEPENDENT UPON OUTPUT CONTROL

Production Must Be Conserved and Restrained, Says W. S. Farish

BY W. S. FARISH
(President, Humble Oil and Refining Co.)

Houston, Texas —(P)— For the American petroleum industry 1928 was distinguished principally by the development of a potential current supply of crude oil vastly in excess of any possible current demand and by signal success of the initial step of the industry as a whole toward real conservation of its raw material for essential uses.

The new year will be prosperous in direct proportion to the success of the industry in conserving and restraining production. For the first time in its history the industry deliberately refused last year to produce and sell each day every barrel of oil it could possibly bring to the surface.

Today, also for the first time in its history, the industry can point to known reserves of petroleum in the grand, developed but not being produced, in quantity commensurate with the nation's anticipated requirements over a period of years.

In past years oil constantly has been produced and forced on to the market under fiercely competitive conditions as rapidly as it was humanly possible to find it, regardless of price and regardless of demand for essential uses. But in 1928 producers succeeded, through widespread cooperation and active assistance of state and federal governments, in restraining and holding production nearly in balance with consumption.

As a direct result of these efforts conditions within the industry actually improved a little as the year advanced in spite of the potential over-production for larger portions than the industry every has faced before.

Crude and products sold at or below cost of production during the first six months, leaving only transportation and distribution on a modest profit basis. But as control of supply came to be felt during the second half refiners were able to balance runs against current demand and thus secure a reasonably profitable price for gasoline. There followed even a slight increase in the price of crude, all due to conservation and control of supply.

Important progress attended efforts to increase the efficiency and decrease the cost of retailing gasoline. Likewise, refining technique advanced.

A larger proportion of our gasoline has been secured by the so-called cracking processes, and a larger fraction of each barrel of crude has been converted into gasoline. Altogether the whole year has been a constructive period during which our problems have been clearly visualized and their possible solution suggested.

The year 1929 will be what the industry makes it. If no more crude oil is permitted to come to the surface than is required to meet the current demand for essential products, the year will be characterized by satisfactory profits to the entire industry and by gasoline prices satisfactory to the public at large.

On the other hand, failure to control production during 1929 means inevitably a flood of crude oil, demoralized prices, a profitless year for the industry and both economic and actual waste of petroleum.

To control production and to conserve petroleum for essential uses is in line with the long-standing plea of all well-informed economists. President Coolidge, as long ago as 1925, appointed a federal oil conservation board to this very end. Such a policy is also in line with public interest since our national heritage of petroleum.

Large or small as it may be, is our cheapest source of such essential products as gasoline and lubricants.

If it is to be produced in excess today and to be burned under boilers in competition with coal, it cannot continue indefinitely to supply us adequate quantities of gasoline at reasonable prices. Therefore the public has a live interest in the conservation of oil and the control of production.

**DECEMBER WARMER
THAN YEAR BEFORE**

Mean High Temperature
Last Month Was 33.2
Degrees—Mean Low 22.4

The mean high temperature in December was 33.2 degrees above zero while in the same month in 1927 the mean high temperature was 18.4 degrees above zero, a report of George Atkinson, Menasha local tender and official waterman for this district, indicates. Seven and one-half inches of snow fell in the month just past and in December, 1927, 11 inches.

The mean low temperature for December was 22.4 degrees above zero while in December of the previous year the mean low temperature was 7.5 degrees above zero. During the month just past the mercury did not fall below zero while in December, 1927, it went below the zero mark five times. The lowest temperature recorded during December was 15 degrees below zero on Dec. 21 and on Dec. 22, it registered 16 degrees below zero.

PREPARE MIND OF CHILD WHEN SISTER COMES

BY OLIVE ROBERTS BARTON
Is Junior to have a new baby sister or brother?
Has it been a case of blue heaven at your house—"Just Mom and me and Junior make three"—for several years? And are you worried for fear your small son will resent the intrusion of a stranger into his private paradise?
Well—the way he receives his new relative will depend entirely upon you. If you begin early, or even late to get his mind in the proper condition there isn't going to be the least doubt in the world about it.
PREPARE HIS MIND
And he way to get his mind in the proper condition is to tell him about it beforehand.
But just telling isn't enough. There are several ways of telling. You can make Junior hate his new baby brother like Cain hated Abel if you allow any member of the family to "tease him about it." "Just wait! You're not going to be Mother's baby any more! You'll not sleep in her room and sit on her lap at the table any more. And your daddy won't ride you one his foot or carry you around on his shoulder either. You won't be in it at all when the new baby comes!"
Silly, cruel, mean, and ignorant! Mothers aren't likely to be so foolish themselves; they should watch carefully lest maids, older children, or practical-joking uncles get in their work when they are not around.
The telling should come from the mother herself. Say to Junior some fine day when he is happy—"I shouldn't choose one of those cuddly moments, either, when the tie between mother and son seems particularly close—"I have the nicest thing to tell you, honey! You and Daddy and I are going to have a present some day, the very thing we've been wanting."
HE'LL BE ATTENTIVE
Of course he will be all ears at once.
"Don't you remember when we were talking one day and we all thought it would be such fun if there were four of us instead of three? Such a lot more fun. Well, that's just what there is going to be—a baby."
Later let him help you get ready. Let him fetch and carry little things when you are fixing the bassinette and making things for the layette.
Let him feel that it is his baby as well as yours. He will slide into his role of older brother without the least difficulty in the world.

FASHION HINTS

PEPLUM FROCK
A checked transparent velvet frock, in silver grey and black, has a peplum developed in the current drooping silhouette, with much greater length in the rear.
LACE SLEEVES
Cream lace facing sleeves give a rich touch to a black velvet afternoon gown fashioned with snug hip-line and irregularly hemmed skirt. A touch of cream in the form of a little jabot enriches it further.
SASHES APPEAR
The colored sash, tied like a little girl's in a bow in the back, given many of the new lace and chiffon frocks.

Stripes Brighten Newest Sport Frocks; Blouses Lend Much Color

A blue, white and beige sports outfit has its hand-blocked overblouse striped diagonally with blue and white and its white skirt gathered. A gold-yellow sweater, embroidered in white silk, tops a white kasha skirt with box-pleats. Unusual skirtpleats, novelty striping and a new tie effect distinguish a beige, yellow and green outfit.

BY HENRI BENDEL For NEA Service

NEW YORK—Probably no type of clothe designed for Palm Beach and other southern resort wear attracts the attention that sports clothes do.
They hold their strategic position because they can be worn most universally. By that I mean that more people, in more parts of the country, need the sports type of frock than for instance, the bathing suits or the filmy chiffons for formal afternoon affairs.

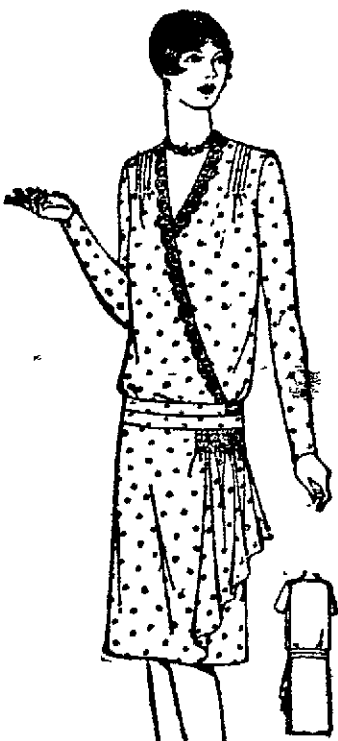

INFLUENCE ALL FASHIONS
Moreover, in recent years, sports clothes have had a tremendous influence on the whole world of fashion. Everyone remembers the advent of the kerchief topping a formal evening gown. Cocktail jackets had their origin in sports cardigans. Therefore the details of style that couturiers evolve for sports clothes are watched very minutely, not only by fashion experts but by individuals who follow the style.

NEW STRIPES ARE NOVEL
Novelty stripes are being used in profusion on early spring sports things. Not collegiate stripes and not broad, uninteresting even stripes. But some kind of a combination of varying sized stripes, stripes and dots, stripes and checks. Much is made of color against a less bright background. Much is made of blouses and many times the overblouse or sweater is the colorful part of a costume.
Skirts on the whole are full. Novelty pleating is used a great deal. Some skirts introduce the idea of plain, unadorned gathers, as a new

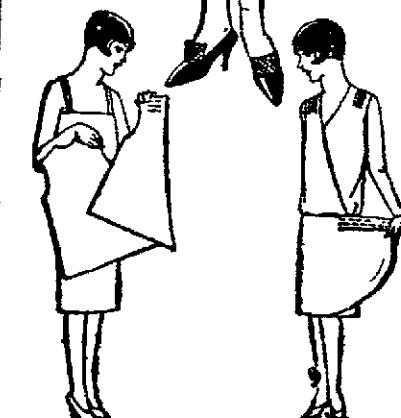

way to get fullness. Since gathers have been out for many years, they do bring a certain sense of freshness to their return.
A gathered white crepe skirt, in one of the new styles, is topped by an overblouse of hand-blocked silk in a modernistic pattern of blue, white and beige. A diagonal stripe of blue and beige heighten the colorfulness of this overblouse, with a similar diagonal pattern up the sleeves and across a pocket on one side. A scarf of blue adds its bit too.
SMALL HAT FAVORED
Topping this sports frock is a little beige hat from Rose Valois with a draped banding of blue and beige chiffon. This hat is indicative of the small hat's favor this winter, provided it is svelt and smart.
Beige faille, striped in yellow and green fashions, a charming little two piece frock. The skirt's deep pleats are curved and stitched to fashion a long yoke effect and its lower edge has a sweet banding of the green with narrow stripes of the yellow above it.
This novelty striping circles the overblouse and the cuffs. The square neck has an interesting tie treatment, the tie ends really being an extension of the neck's banding. A beige bangkok hat has bandings of the colors in suede, exactly matching to complete the scheme.
Sweater suits this spring are apt to combine knitted sweaters with silk or fine wool skirts and often take their matching cardigans in the skirt's fabric.
A stunning gold-yellow and white sports suit has a box-pleated skirt of white kasha and its sweater em-

brodered in stripes and novelty diamond figure in white silk. The sweater simulates a little tie, by its embroidery.
Yellow holsters and white shoes are suitable accessories while a little white ballbunt hat is banded in the gold-yellow.

Flattering

2651

LUXURIOUSLY SMART

Luxuriously smart and flattering silhouette for youth and youthful type of woman, is illustrated in Parisian model of mauve-brown rayon velvet with beige dots, with beige Alencon lace emphasizing diagonal closing of bodice. The simple drape of skirt will charm you, with its soft graceful fullness achieved through dainty shirring across left hip. The plaited girdle creates long-waisted effect to assure flat hipline. Inverted tucks at each shoulder are decorative. The trim sleeves are fitted with darts below elbows. For more conservative wear, select black lustrous crepe satin, dull silk crepe in mahogany brown, purple canton-faille crepe, silk crepe in tweed pattern, bottle green velveteen, or patterned cashmere jersey in soft blue tones. Pattern for Style No. 2651 can be had in sizes 16, 18, 20, 22, 24, 26 and 28 inches bust. Price 15 cents in stamps or coin (coin preferred.) Our patterns are made by the leading Fashion Designers of New York City and are guaranteed to fit perfectly. In ordering pattern why not enclose 10 cents additional for a copy of our new Fashion Magazine. It shows the most attractive Winter styles. Also lovely suggestions for useful Xmas gifts, that will be truly appreciated, that you'll find very inexpensive to make.

"Don't cry kid!" Sandy said gruffly, as Tony sped back toward Stanton, her face averted, her little white hands gripping the steering wheel hard.
"I'm not crying!" she denied fiercely. "You know what, Sandy Ross? I hope Crys had the nerve to go through with it and marry this Mexican boy! I should have, if I'd been as much in love as she was. And from what those men said, he adored her. Think of the darling native youngster sending clear to Mexico to get a tuxedo costume just to please Crys! I'll bet he was 'just sweet.' Not even that burly, hard-kitten old Jones had a word to say against Pablo—" But the tears which she denied choked her voice.
"Good kid!" Sandy applauded succinctly, laying his hand for an instant upon here, a caress which was so unusual from matter-of-fact Sandy that Tony almost lost control of the car for a moment. But the bluer diamond eyes smiled at him shyly and mistily the eyes of the little girl! Tony whom Sandy had occasionally made ecstatic by his approval when he was a lordly thirteen and she an adoring ten-year-old.
When Tony and Sandy arrived at the Hathaway home, they found Cherry and Faith in the living room. "Any news, Faith?" Tony asked eagerly from the doorway. "This is Sandy Ross, girls—by Sandy, the aviator who's going to make Lindbergh look like a kiddie-car chauffeur. Mrs. Hathaway and Mrs. Jonson, Sandy. . . . Now, Faith—"
Faith shook her head. "Only negative news. The ticket agent and the station master, and everyone else that Bob questioned at each railroad station swears that no such girl bought a ticket or took a train out of here yesterday afternoon or last night. Bob called up all the marriage license bureaus within a radius of fifty miles. Nothing so far. It looks as if they didn't marry," she added, her lips trembling.
"What did you find out about the Mexican sheik at Grayson's?" Cherry asked.
Tony gave her news briefly.
"I hope Crystal did marry him, and run away to Mexico with him. Jones, the foreman, said he understood Pablo's people were pretty high-class and not at all hard-up."
Cherry laughed. "The important thing to Chrystal was that he was a wov of a sheik. I saw him once or twice and I admit my susceptible heart gave a decided lunge. If I hadn't been so busy—Oh, hant you are, Alan!" she broke off and ran to lay a beautiful, tiny hand on Alan Beardsley's arm. "I was just telling the watchful waiters that if I hadn't been so busy with an even more attractive heartbreaker, I'd have smiled oh, in a nice way—at this Pablo boy myself. . . . Any news?"
The talk distinguished-looking man smiled down upon Cherry, then turned an instantly sobered face toward Faith. "I'm fairly sure your cousin hasn't applied for a marriage license yet, Mrs. Hathaway. There are one or two of the more distant county seats to be heard from, but—" "Wasn't that the postman's whistle?" Tony interrupted. "She may have written, you know, I'll run out and wait for him. Coming with me, Sandy? Gosh! Funny, but I've got the creeps. Don't want to be alone a minute. Goose-fleshily all over, too. Wonder if I'm having a premonition and don't mind me, Faith, 'I'm an idiot.' When she had drawn Sandy out of the door and to the front porch, she gripped his arm fiercely. "Cherry Jonson makes me sick—a

SISTER MARY'S KITCHEN

BY SISTER MARY
BREAKFAST—Halves of grape fruit, cereal, cream, creamed flinnan haddies on toast, milk, coffee.
LUNCHEON—Scalloped sausage and apples, shredded cabbage in cream dressing, whole wheat bread, old-fashioned bread pudding, milk, tea.
DINNER—Boiled corned brisket of beef, steamed potatoes, creamed turnips, banana and peanut salad, individual caramel custards, milk, coffee.
SCALLOPED SAUSAGE AND APPLES
One pound link sausage, 4 apples, 1-2 cup dark brown sugar, 1-2 teaspoon cinnamon.
Pan broil sausage until brown on all sides. Arrange in a casserole and pour about 4 tablespoons boiling water over them. Cover with apples pared and cut in slices. Sprinkle apples with sugar and cinnamon. Cover casserole closely and bake in a slow oven for one hour. Serve from casserole.
Choose tart quick cooking apples

FRANCE HAS WOMAN IN LAW FIRST TIME

Rennes, France.—(AP)—For the first time in France a woman has been appointed professor of law. Mademoiselle Beugnot was given the chair at Rennes university, the principal seat of learning in Brittany.

FLAPPER FANNY SAYS—

Every husband has a calling, if he gets home too late.

THE TINYMITES

By Hal Cochran

READ THE STORY. THEN COLOR THE PICTURE

AS Clowdy grabbed the great big bird, the other Tinies quickly heard a loud and angry squawking. Mister Bird was very mad. It held the fairy in its bill and tried to flap away until it realized it couldn't. "Twas a strong grip Clowdy had."
And then the fairy shouted, "Oh! This awful bird has let me go!" And sure enough the bird's queer bill was opened very wide. The pretty fairy flew away and Clowdy then heard Scowdy say, "Hang on! Don't let the bird escape! You're getting quite a ride."
"You bet! I'll try for all I'm worth to bring this mean bird down to earth," said Clowdy. "Then we'll punish him and teach him to be 'have.' But, just before they reached the ground the bird jerked quickly all around, and got away. The Tinies saw it fly into a cave.
Brave Clowdy said, "I did my best." The other Tinies then confessed that he had done a noble thing. "The fairy's safe," said one. "What difference does it really make if he escaped? For goodness sake, you've saved the charming fairy. That's a noble deed, well done."
And then some dwarfs came running near, and all of them began to cheer. "Hurray for Master Clowdy. He shall have a dandy feed. And all of the rest can join right in." This made the happy Tinies grin. Said Clowdy, "Thank you very much. Some food's just what I need."
Nearly they found a cookie tree, and shortly picked all they could see. Then off they ran until they found a rapids nice and white. "Now, this is milk," one wee dwarf said. "You all can drink, so go ahead." The little dwarfs then danced around and served each Tiny-mite.
(Clowdy has a very nice dance in the next story.)

How to Keep Love when excess fat might lose it

People who are over-fat lose in youth and beauty, health and vigor. Whatapity. Excess fat is now easily controlled. You see that in every circle. Some years ago science discovered a great cause of overweight. It lies in a gland which is under-active—a gland which largely controls nutrition. Fat is not lost to stay lost until that defect is corrected. The modern method of treating obesity is embodied in Marmola prescription tablets. They were perfected in a famous medical laboratory. People have used them for 20 years—millions of boxes of them. They have told the results to others, and year by year the use has spread. Today you see the effects in every circle. Slender figures are the rule. You are taking and why. No hard work, no starvation. Just be moderate. Then take four tablets daily until weight comes down to normal. Try Marmola, because of what it has done for over 20 years for so many. The results will be a revelation to you. Do this for your own sake. Do it now. You know what Marmola contains the formula, also the scientific reasons for results. Countless people who were over-fat now have normal weight. Women look younger, more attractive. Men have gained in vigor. One great reason is found in Marmola. Each box of Marmola contains the formula, also the scientific reasons for results. FRESH AND RELAXED AT THE JOURNEY'S END

ONE of the fine things about driving the new Ford is the way it takes you over the miles without fuss or fatigue.

Mentally you are at ease because you are sure of the mechanical performance of the car. No matter how long the trip, or rough or devious the roadway, you know it will bring you safely, quickly to the journey's end.

Through thickest traffic, up steepest hills, along the open road, you will drive with security and confidence because the new Ford is so alert and capable and so easy to operate and control.

Ease of control adds to comfort of driving

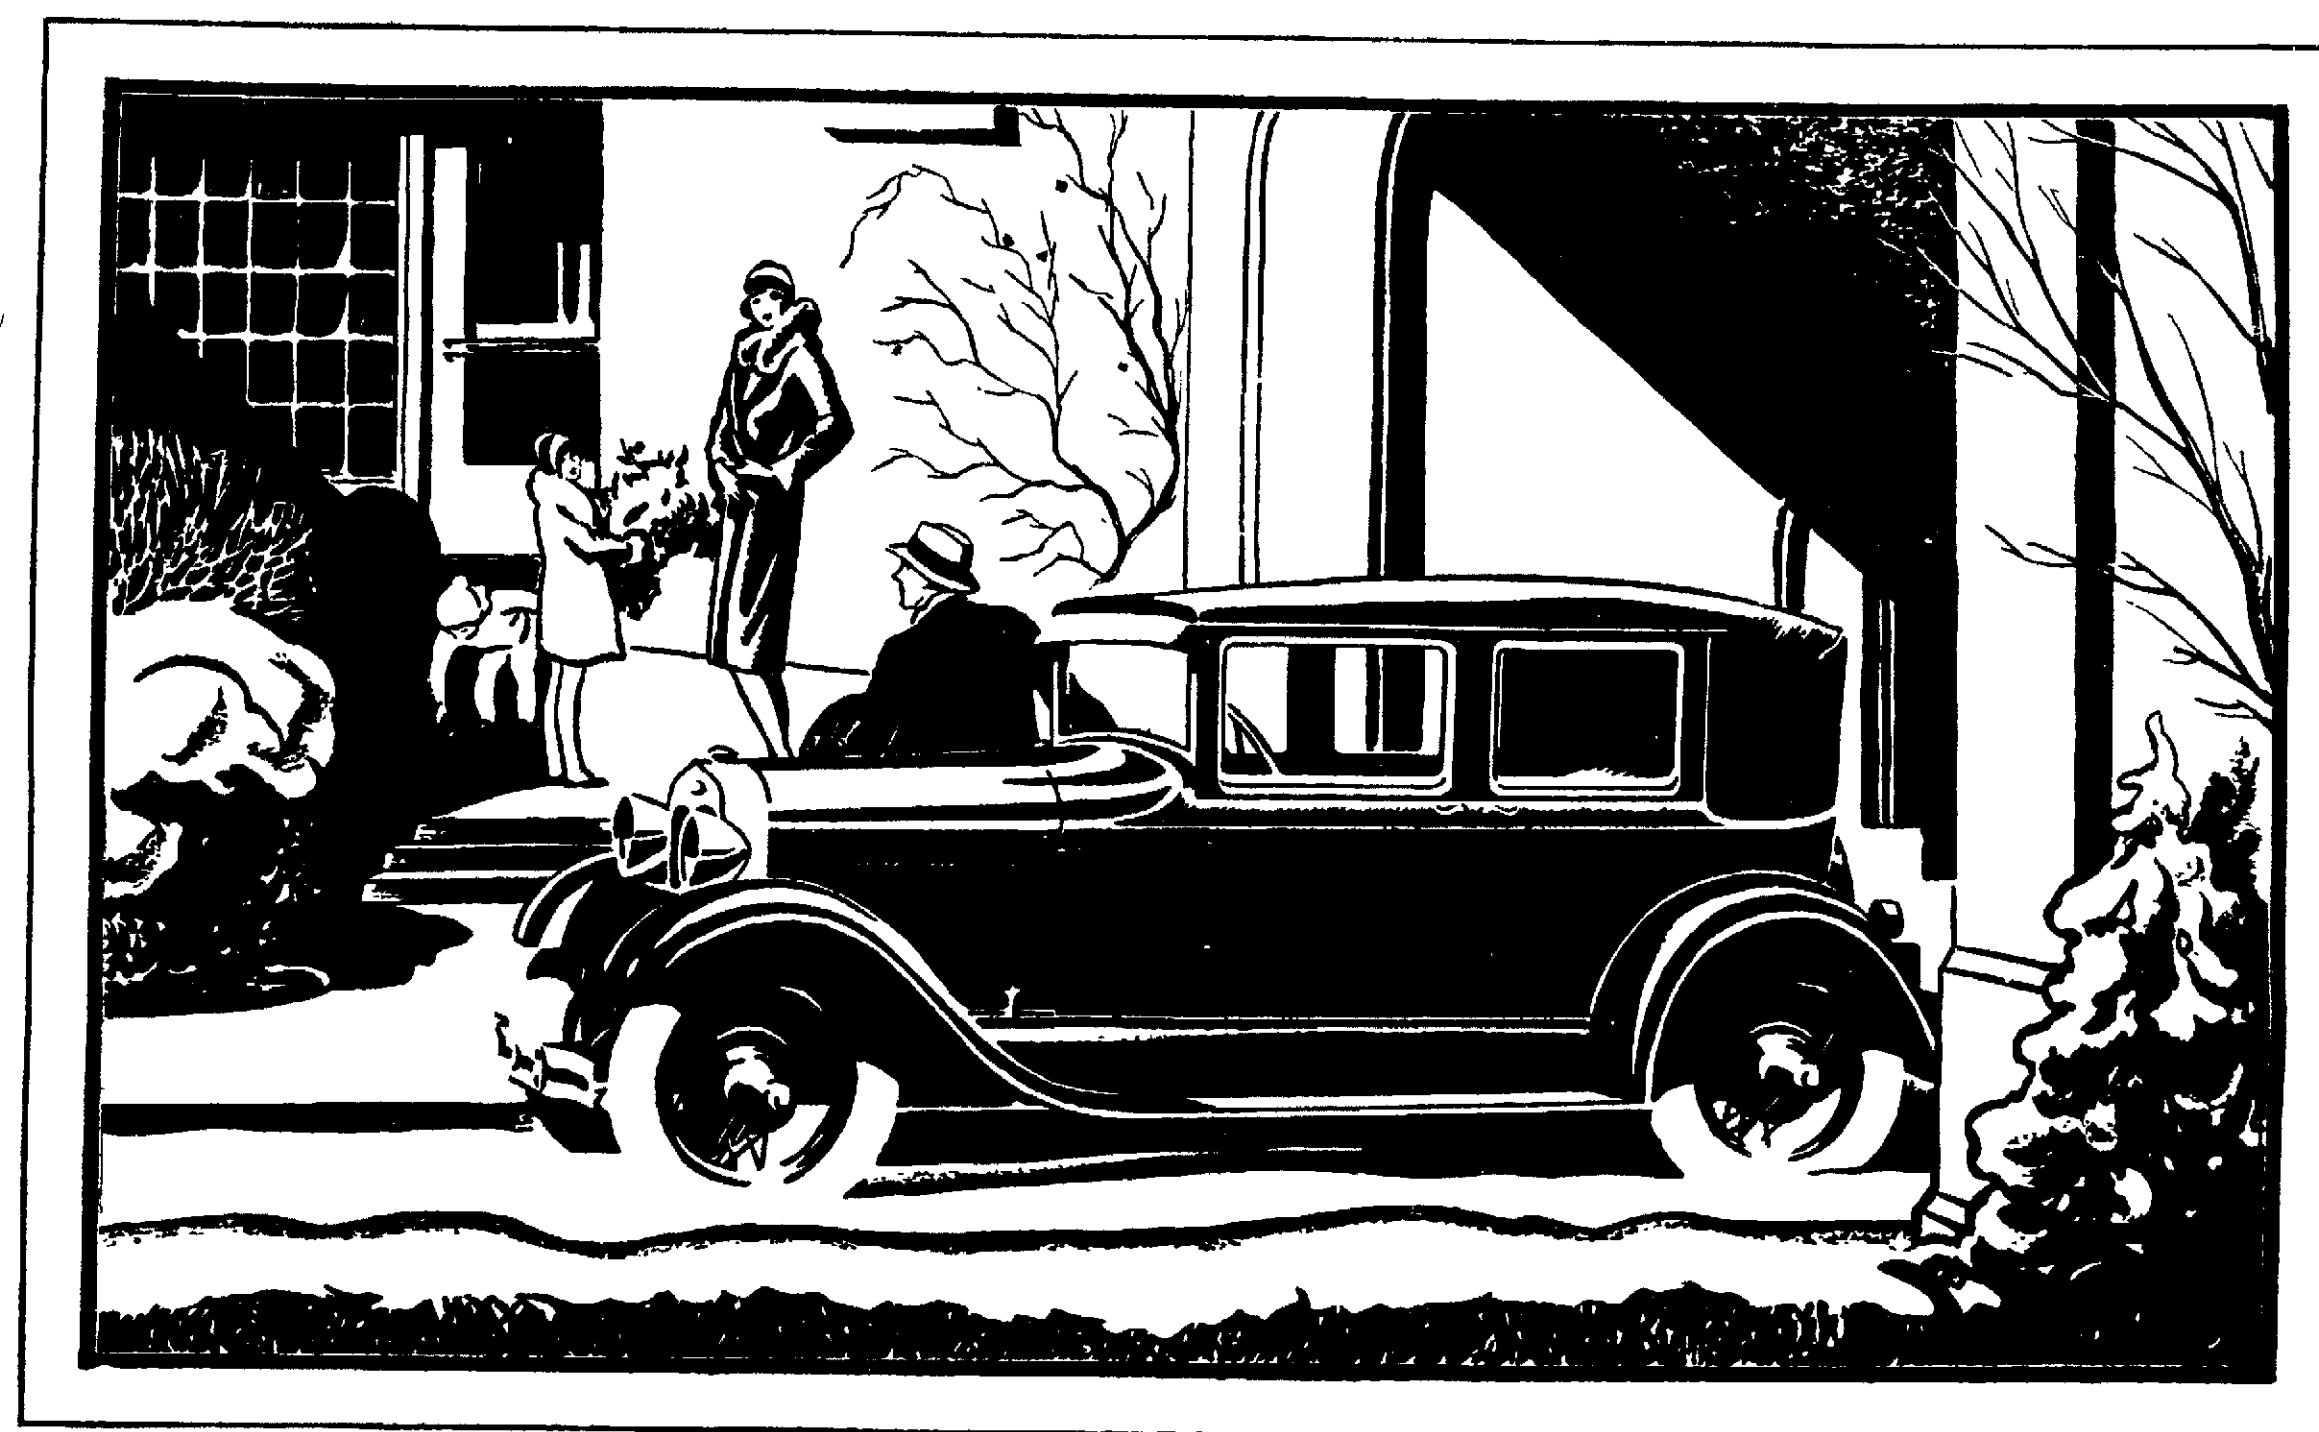

The steering wheel answers to the touch of a finger. Gears shift smoothly and silently. Brakes take hold quickly and firmly even on slippery pavements.

Unusual acceleration, speed and power are especially appreciated in emergencies. A space little longer than the car itself is all you need for parking.

These features simplify the mechanics of driving and, together with reliability, add a great deal to the mental comfort of motoring.

Physically, too, you will feel fresh and relaxed in the new Ford because it is such a roomy, easy-riding car.

The restfully tilted seats are made generously wide and are deeply cushioned, with coil springs of straight and hour-glass type.

The backs are carefully designed to conform to the curves of the body.

Perhaps the most outstanding feature of the new Ford is found in its riding comfort. Somehow it seems to just glide along, as if every road were a good road. The rough spots are there, just as they have always been, but you do not feel them. It is almost as if a giant hand had smoothed the way before you. Even bad stretches may be taken at a reasonably fast pace without hard jolts or bumps or the exaggerated bouncing which is the cause of most motoring fatigue.

One reason, of course, is the use of four

The Fordor Sedan is a particularly good family car not only because of its comfort, safety and beauty, but also because of its low first cost and low cost of operation and up-keep. Finished in a choice of colors—an unusual feature in a low-price car.

Houdaille hydraulic shock absorbers—two in the front and two in the rear.

Of even greater importance, however, are the low center of gravity, the carefully planned balance of the car, and the many advantages of the transverse or crosswise springs.

Special Ford springs soften force of road impacts

These springs rest on their flexible ends with the heavy center part uppermost. Thus the very weight of the springs receives the benefit of spring action instead of hanging below as dead weight and increasing the hammer-like blows of road impacts.

Another element in decreasing unsprung weight (the weight carried below the flexible ends of the springs) is the construction of the front axle and rear axle housing. Through the use of fine steel and electric welding, they are made of exceptional strength, yet kept comparatively light in weight.

Another feature of the new Ford is the Triplex shatter-proof glass windshield. This is so made that the glass will not shatter or fly under the hardest impact. It is an important safety factor in these days of heavy traffic.

All of these factors combine to reduce or absorb the force of every unevenness in the road before it reaches the frame, chassis and body of the car. This means more comfort for you personally and also contributes to better performance and longer life for every mechanical part.

FEATURES OF THE NEW FORD CAR

Beautiful low lines

Choice of colors

Quick acceleration

Smoothness at all speeds

55 to 65 miles an hour

Silent, mechanical internal-expanding six-brake system, with all braking surfaces fully enclosed

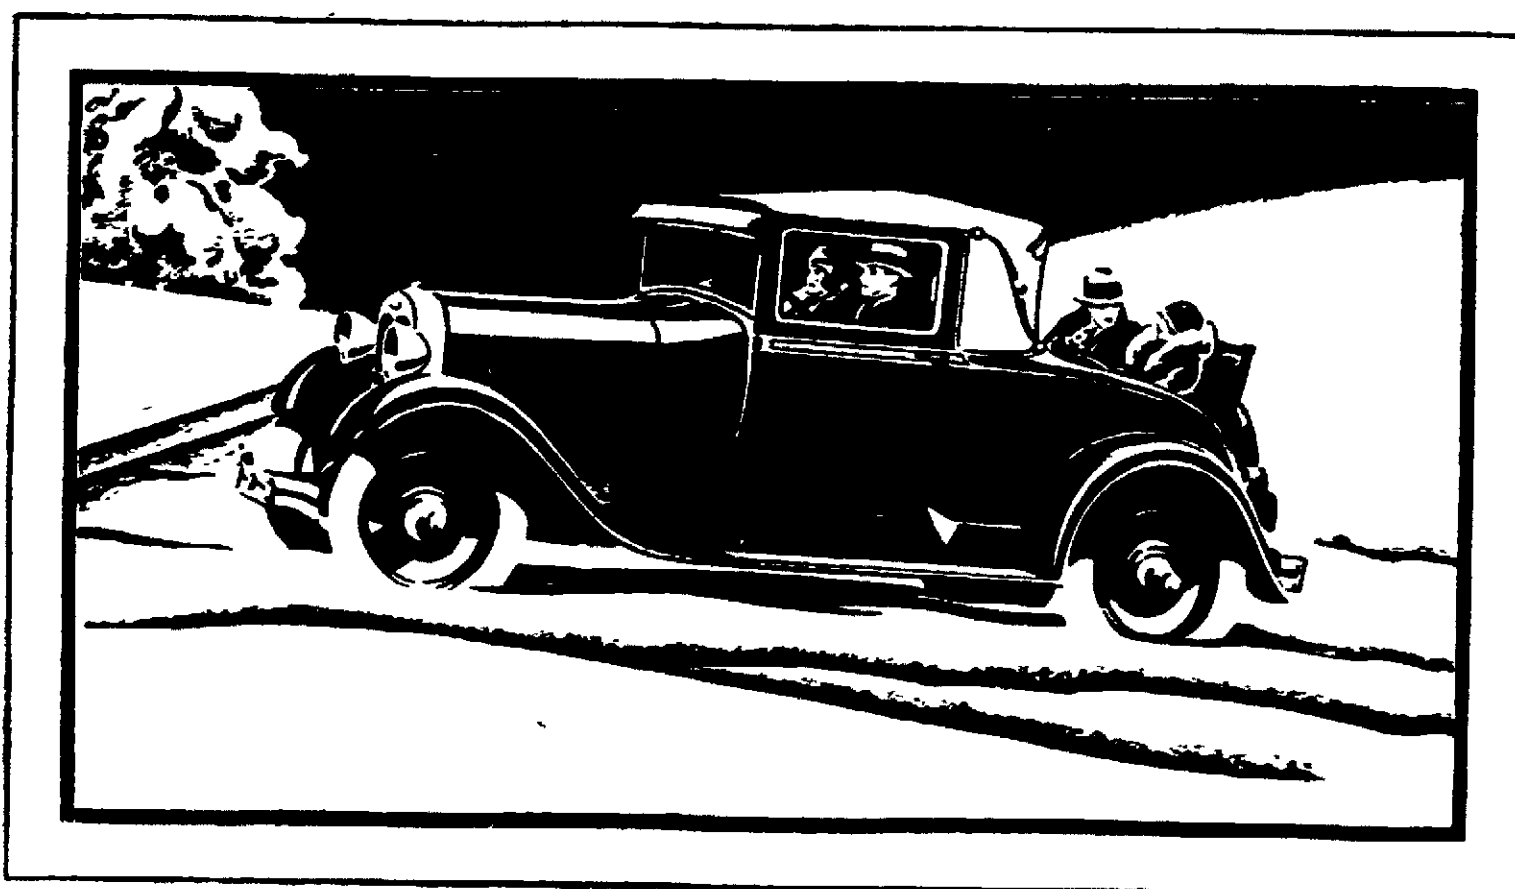

Four Houdaille shock absorbers

Triplex shatter-proof glass windshield

Reliability and economy

Prices of the new Ford—Roadster, \$450; Phaeton, \$460; Tudor Sedan, \$495; Business Coupe, \$495; Coupe, \$530; Sport Coupe, with rumble seat, \$550; Fordor Sedan, \$625. (All prices F.O.B. Detroit.)

FORD MOTOR COMPANY

CALUMET COUNTY

KAUKAUNA-LITTLE CHUTE-KIMBERLY

NEARBY TOWNS

KAUKAUNA MILLS AND FACTORIES HAD "GOOD" YEAR

Employers Able to Keep Staffs Employed All Year—Prospects Good

Kaukauna—Reports of business from Kaukauna mills and factories indicate that the business last year was at least as good as in 1927 with a probable small improvement. Officials said 1928 could be considered a good business year, and they expect 1929 will equal or surpass the previous year.

Labor conditions in the mills and factories were good during the year, and approximately 1,300 men employed. There were no lay-offs for lack of business in any of the mills or factories.

The Moloch plant found business in 1928 considerably better than in 1927, and judging from the orders waiting to be filled, the outlook for 1929 is excellent. The factory employs 185 men and operated 24 hours a day most of the year.

Business at the Union paper mill was on par with 1927. The 100 employees worked the same number of days in 1928 as in the year before. More orders were filled in 1928.

About 650 men are employed in the two Thilmann Pulp and Paper mills in the city, and there were fewer changes than in other years. The business year was good. The usual slump in the first three months of the year was not noticed, but it is always expected.

Officials of the Chicago and Northwestern railroad shops report that the business for 1928 was good. The number of engines turned out of the shops was less than in 1927 but the repair work was greater. About 200 men are employed there, 25 men less than in 1927 but the cut was made at the beginning of the year and the force was carried the entire year.

BURKART FUNERAL HELD AT KAUKAUNA

Kaukauna—Funeral services for Harold Burkart, 19, who was accidentally killed by a policeman in Detroit Tuesday, were held at 2 o'clock Saturday afternoon from the home of C. M. Patterson, 116 Sarah-st. The Rev. E. L. Worthman was in charge and interment was in the Maple cemetery.

Harold Burkart was the son of Mr. and Mrs. William Burkart of Detroit, Mich., formerly of this city. Young Burkart was born in Kaukauna and lived here until about five years ago.

Survivors are his parents; two brothers, Chester of Wausau and Walter of Detroit; and one sister, Mrs. Glen Tobey of Detroit. Pall bearers were Luke and Mark Van Leshout, George Schwendeman, Quinten Driessen, Alexander Jacobson and Elmer Ott. Out of town people who attended the funeral were Mr. and Mrs. William Burkart and son Walter and Mrs. Glen Tobey of Detroit; Mrs. Charles Anderson and Miss Emma Schwendeman of Chicago and Mr. and Mrs. Chester Burkart and daughter Joyce of Wausau.

BANKS SET DATES FOR ANNUAL MEETINGS

Kaukauna—Stockholders in Kaukauna's three banks will hold their annual meetings within the next two weeks. The of the stockholders of the Farmers and Merchants bank will meet at 8 o'clock Tuesday evening. Election of a board of directors will take place. Stockholders of the First National bank will hold their annual meeting Wednesday evening and the annual meeting of the stockholders of the Bank of Kaukauna will take place on Monday evening, Jan. 14.

ADVANCEMENT CLUB MEETS ON JAN. 16

Kaukauna—Ben Prugh returned Saturday from Meadow Brook, N. J., where he spent the Christmas holidays visiting with relatives. Mrs. Prugh will remain there for a few more weeks. Mr. Prugh started immediate plans for the next meeting of the Kaukauna Advancement association which will be held Wednesday, Jan. 16. He is president of the association.

MULFORDS LOSE TO NEENAH CAGE SQUAD

Kaukauna—Mulford's Twenty-five club lost a T. M. C. A. league game to the Kimberly-Clark team of Neenah at the Appleton T. M. C. A. Saturday evening. The game was close until the last three minutes of play when three baskets by Neenah gave them the game. Engerson was the high point man for the locals, scoring three baskets and three free throws. Next Saturday the Mulford team will play the Kimberly-Clark at Appleton, and it will be a league game. Thursday evening the Mulford play the Berlin city team in this city.

The Post-Crescent's representative at Kaukauna is Lloyd Derus. His telephone number is 194-W. Business with The Post-Crescent may be transacted through Mr. Derus.

Social Items

Kaukauna—The Kaukauna Women's club will meet at 2:30 Tuesday afternoon at the home of Mrs. C. D. Boyd on Wisconsin-ave. Roll call will be answered with a Christmas Gift book. The program includes a reading by Miss Eva Goldin. A talk on Appropriate Literature for Adults" by Miss Kathryn Hornbrook and a solo by Miss Maude Harwood of Appleton, Mrs. J. Cleland will lead the community singing. The hostesses will be Mesdames R. Nelson, J. T. O'Connell, L. C. Wolf, James Black, C. L. Hammond and Hubert Ludwig.

The Women's Foreign Missionary society of the Methodist church will meet at 2:30 Wednesday afternoon at the home of Miss Vesta Anderson on Taylor-st. Hostesses will be Miss Anderson and Mrs. P. Kirkwood. Mrs. H. Conkey will be the text book leader and devotionals will be led by Mrs. Olin G. Dryer. Miss Reilig will give an instrumental solo.

The Catholic Order of Foresters of Holy Cross church will meet at 8 o'clock Monday evening in the north side Foresters hall. Routine business will be considered.

ENGINEERS TAKE THREE STRAIGHT IN LEGION LOOP

Kaukauna—Engineers won three straight games from the Infantry in the Legion Bowling league which occupied the Hilgenberg alleys Friday evening. The Artillery won two out of three games from the S. O. S. team. The Machine Gunners lost two out of three games to the Navy crew. The Signal Corps won three straight games from the Aviators. E. Hans rolled 201 for the high single score and 570 for high total score.

KAUKAUNA PERSONALS

Kaukauna—Mr. and Mrs. Henry L. Kerschler of Omaha, Neb. are visiting his parents, Mr. and Mrs. Charles Kerschler.

Henry Killian left for Muskadee after visiting his family here for a week.

William Powers was a business caller in Milwaukee.

M. F. Rademacher of Sheboygan visited in Kaukauna Saturday.

E. V. Marx of Antigo is in Kaukauna on business.

Miss Emma Schwendeman of Chicago spent the weekend with local relatives.

Mrs. Glen Tobey of Detroit spent the last few days with local relatives.

Miss Katherine Van Groll of Menasha visited in Kaukauna over the weekend.

Miss Helen Seibold of Wausau was the guest of Mr. and Mrs. Charles Kallebe over the weekend.

GAS BLAST THROWS MAN FROM BUILDING, BUT HE'S UNINJURED

Gas House at Stockbridge Is Destroyed When Fumes Are Ignited

Special to Post-Crescent

Stockbridge—When Roland Meyer went to the gas house Thursday evening with a kerosene lantern to draw gas out of a drum into an open pull the gas fumes exploded, blowing out the bottom of the gas drum he was using and also the bottom of another full gas drum standing near as well as the bottoms out of four oil drums which stood in the building. Mr. Meyer was thrown clear of the building, but was unharmed. The Chilton Fire department was called out but the building was burned to the ground. The total loss has not been estimated.

The Rev. W. B. Petherick, who has been sick with the influenza and who has been cared for at the Ralph Juno home, has recovered and Friday afternoon he was able to go to Green Bay after Mrs. Petherick and infant who have been at the Bellin Memorial hospital in that city.

Mrs. Walter Johnson just reported that she saw the first robin on Jan. 5.

At the basketball game held at the Modern Woodman hall Friday evening the Stockbridge Aces beat the Brothertown Boosters in a score of 12 to 8.

Roger Jingle was a business caller at Chilton Wednesday.

Mr. and Mrs. Jack Johnson have been making visits to the Hilbert dentist this week.

TWO BURIAL SERVICES ARE HELD AT SEYMOUR

Seymour—Funeral services for the late Mrs. Alma Dallas were held at the Warren Barclay home in the town of Oakton at 1 o'clock Saturday afternoon and at about 2:30 at Riverside cemetery at Appleton. Mrs. Dallas was survived by two brothers, Sowell Benedict of St. Cloud, Fla., and Charles Benedict of Seymour. Two sisters, Mrs. Mina Stowe of Orlando, Fla., and Mrs. Minnie Smith of Pine Castle, Fla.

Funeral services for Mrs. George Eick were held Wednesday afternoon at the Lutheran church, with burial in the Lutheran cemetery. The Rev. Mr. Ohlroge was in charge of the services.

Jacob Baehler, Walter Baehler and Miss Lillian Baehler are visiting relatives at Milwaukee.

Mr. and Mrs. Arthur Tesch, Mrs. Mary Tesch, Mr. and Mrs. Henry Tesch and family, Mr. and Mrs. Charles Wussow and family, Mrs. Fred Hartwig, Mr. and Mrs. Albert Wussow, Alvin Wussow and Mr. and Mrs. Dallas Pate attended the funeral of Mrs. Kling at Appleton on Tuesday.

Miss Bessie Stewart of Milwaukee is visiting at her home here.

NEW COURT WOULD DEAL WITH STATE AFFAIRS

Madison—(P)—The proposed bill for creation of another Daneo circuit court to handle, principally, cases arising on appeals from decisions of state commissions and boards, probably will not call for re-election of the court in the Capitol building, as first planned. As the court would have to be ready to aid in other court matters of the county and nearby ones it probably would be best located in the county court house with other Daneo courts. In the opinion of Glenn D. Roberts, Madison, present district attorney, and senator elect sponsor of the bill.

PITY THE DRUMMER

Washington—Save a few sympathetic thoughts for the trap drummer of the U. S. regimental and garrison bands. His issue of equipment has every other day in the army stopped cold. In addition to the regular soldier's outfit he must keep track of a snare drum, triangle, triangle beater, muffer and strainer, drum sling, drum stand, cow bawl, cymbal, cymbal, Chinese cymbals, imitation railroad, adjustable rattle, slap cymbals, tambourine, Chinese tom-tom, snare whistle, locomotive whistle, steamboat whistle and steam exhaust whistle.

Dr. Caldwell's 3 Rules Keep You Healthy

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not grip, thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their systems. In a practice of 47 years he never saw a reason for their use when a medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system.

Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope, but go to a drugist and get one of the generous bottles of Syrup Pepsin. Take the proper dose that night and be morning you will feel like a different person.

Get a bottle today, at any drugstore and observe these three rules of health. Keep the head cool, the feet warm, the bowels open.

BURIAL SERVICES ARE CONDUCTED FOR LATE POLICE CHIEF

Thomas Barry, Sr., Had Served Chilton for Score of Years

Chilton—The funeral of Thomas Barry, Sr., chief of police of this city for the past 20 years, who died on Wednesday, was conducted at St. Augustine church at 9 o'clock Saturday morning by the Rev. James Mesinger. Burial was in St. Augustine cemetery. The bearers were five sons of the deceased, James Thomas, Alfred, Donald and Garrett Barry, and Dr. J. J. Minahan, a nephew.

The members of the Catholic Order of Foresters and the Holy Name Society of which the deceased was a member, marched in a body. Those from away who attended were J. Mesinger, Burial was in St. Augustine cemetery. The bearers were five sons of the deceased, James Thomas, Alfred, Donald and Garrett Barry, and Dr. J. J. Minahan, a nephew.

Miss Gertrude Tesch visited friends in Milwaukee during the week.

Miss Georgiana McGrath returned to Cleveland, Ohio, on Friday to resume her duties as teacher in the Cleveland schools.

Tell Story Of Hymns At Church Meet

THE story of a number of favorite hymns was told at the meeting of the Baptist Young People union of First Baptist church Sunday evening at the church, in accordance with the topic of the meeting, "Worshiping God in Song." Miss Alice Taylor was chairman.

Miss Margaret Johnson told the story of "Who's on the Lord's Side" and Miss Gwendolyn Vandawarka told the story of "Faith of our Fathers." The history and origin of "Dear Lord and Father of Mankind" was given by Frances Barker and of "Fairest Lord Jesus" by Robert East. Miss Taylor gave a short talk on How our Hymns have Come to us.

A review of the Litchburg, a Baptist monthly periodical, was given by Miss Lurcia Zimmerman. The program was under the auspices of the Devotional Commission of which Miss Muriel Smolk is chairman. The meeting next Sunday night will be under the direction of the Stewardship commission of which Miss Lucretia Zimmerman is chairman. Miss Zimmerman has announced that a play "The City of Common Gents" will be presented.

CANDLE LIGHT SERVICE FOR C. E. SOCIETY

Members of the Christian Endeavor society of Emanuel Evangelical church took part in an impressive candle light service Sunday evening at the church. The service was originated by Miss Florence Schmidt, president of the society for the past year.

The service began with the prelude, "The Light of the World Is Jesus," played by Miss Augusta Bethke. Those who took part in the ritual and their representations were Miss Rosetta Selig, The Light of Jesus; Norman Schmehl, The Gleam of Christian Work; Miss Gladys Albrecht, The Gleam of Love; Miss Vera Schneider, The Gleam of Stewardship; Clifford Selig, The Gleam of Missions; Miss Bethke, The Gleam of Sympathy; Orville Selig, The Gleam of Literary and Social Culture.

Officers installed at the meeting as part of the service were Miss Selig, president; Norman Schmehl, vice president; Miss Albrecht, recording secretary; Miss Schneider, corresponding secretary; Orin Greb, treasurer; Miss Bethke, pianist; Orville Selig, librarian.

There will be a meeting of the old and new officers at 7:30 Tuesday evening at the home of Miss Selig, E. Randall-st.

LODGE NEWS

There will be installation of officers at the meeting of Waverly lodge, Free and Accepted Masons at 7:30 Tuesday evening. G. E. Buchanan is the installing officer and Homer Benton is the installing marshal. Officers to be installed are Worshipful master, John Trautmann; senior warden, Albert F. Franzke; junior warden, Clement Ketchum; senior deacon, Oscar Johnson; junior deacon, Roger Tutty; stewards, Arnold Breaklin and Harry Damm; tiler, William Toll; chaplain, Dr. J. A. Holmes, marshal, George Wettengel; secretary, George Packard; treasurer, Homer Benton.

There will be installation of officers at the meeting of the Catholic Knights of Wisconsin at 8 o'clock Tuesday night at St. Joseph hall. A special representative of the state order will be present at the meeting and will give a short talk.

Twenty four members attended the meeting of the Auxiliary to the United Commercial Travelers Saturday night at Odd Fellow hall. Bridge was played after the business session and prizes were won by Mrs. George Even and Mrs. G. Carey. The monthly bridge party for members of the Auxiliary will be held next Monday afternoon at the home of Mrs. H. F. Hall, N. Oneida-st.

George Packard has been elected secretary of the Waverly lodge, Free and Accepted Masons and of Appleton chapter, No. 47, Royal Arch Masons and will be installed in both offices this week. Mr. Packard has been prominent in Masonic circles for many years and was worshipful master of Waverly lodge 1915.

PARTIES

Mrs. Erik L. Madisen, worthy matron of Fidelity chapter, No. 94, Order of Eastern Star for 1928 was hostess to officers of the Order for the past year at a 1 o'clock bridge luncheon Saturday at the Candie Glow tea room. Covers were laid for 17 guests. Honors at bridge went to Mrs. Vern Ames, Mrs. Henrietta Barnes and Miss Vida Smith.

Mrs. C. V. Perrine, W. Lorraine, entertained at a shower in honor of her daughter, Mrs. Edward Rhoades of Oshkosh, Saturday night. Four tables of cards and dice were in play. Mrs. Herman Meyer, Miss Nora Steiner and Edward Draeger won the prizes at cards and Miss Ethel Perrine and Mrs. Gainer won the dice prizes.

A party of eight Appleton people held a dinner in the blue room of the Conway hotel Saturday evening. Reservations were made by Mrs. Arthur Hall, 315 W. Prospect-ave.

Master Builders Meet
Master Builders will meet at 8 o'clock Tuesday night in the Insurance building. A report of the auditing committee will be heard at the regular business session.

LEAGUE HEADS AT MILWAUKEE FOR MEETING

Carl Voeks, Raymond Nehls, and Reuben Schultz, officers of the Young People's society of St. Paul Lutheran church attended a meeting of zone officers at the A. L. A. building, Milwaukee, Sunday afternoon. Arthur Kahler and Herman Zschaechner, representatives of the Senior Olive branch Walther league of Mount Olive church were unable to attend because of illness.

W. F. Welherman, conference director of the Chicago district was the principal speaker. He discussed plans for the \$25,000 campaign fund arranged by national officers of the league. Plans for the zone convention to be held here in May were discussed. Reports of officers were read and regular business matters were transacted.

COLLEGE FOLKS USHER IN THEIR SOCIAL SEASON

The 1929 social season on Lawrence campus was ushered in by fraternity and sorority men and women with three parties, including two formal dances and a house party Saturday evening.

Beta Sigma Phi held its fourth annual winter "brawl" which was postponed because of the dismissal of school. "Hank" Johnston's band furnished the music for the affair and walls of the fraternity house were hung with burlap sackings and decorated with theatre signs, cartoons and display placards. Dr. and Mrs. W. A. Conagha chaperoned.

Blue and gold curtains, shields and fells, and old fashioned candelabra lent a medieval background to the formal dance given by Alpha Gamma Phi sorority in the Crystal room of the Conway hotel. Music was furnished by Al Skolem's orchestra and chaperones were Dr. and Mrs. W. L. Crow, and Mr. and Mrs. A. C. Denney.

Phi Kappa Tau fraternity gave a formal dance at the Valley Inn, Neenah, Saturday evening. Crested futuristic bracelets were presented by one of the entertainers in a novelty dance, and the Lyric orchestra, Manitowish, furnished music for the dance. Miss Dorothy Bothum and Mr. Albert Ogilvie were chaperones.

CLUB MEETINGS

Members of the General Review club will meet for dinner at 6 o'clock Tuesday night at the Candie Glow tea room. Bridge will follow the dinner.

A regular meeting of the Women of Mooseheart Tuesday afternoon club will be held at 2:30 Tuesday afternoon at Moose temple. Bridge and schafkopf will be played.

The I. B. club will hold its postponed meeting at the Methodist church Tuesday evening. The group will meet for supper at the Missionary Tea and will hold a business meeting and program in the Social Union room later.

Miss Adela Klumb will entertain members of the Delta Gamma alumni group at her home at 913 W. Fifth-st. Tuesday evening. The meeting will begin at 7:15.

Dr. H. E. Paschody will speak on International Relations at the meeting of the American Association of University Women at 3 o'clock Saturday afternoon at the home of Mrs. Elmer Jennings, 1124 E. North-st. Assistant hostesses will be Mrs. Carlton Saacker, Mrs. L. Wolfe, Mrs. Kenneth Corbett, Miss Ada Beveridge and Miss Inez Gurnee.

Officers will be installed at the meeting of the J. T. Reeve circle, Ladies of the Grand Army of the Republic at 7:30 Tuesday evening at Odd Fellow hall. A regular business session will be held.

There will be no meeting of the Four Leaf Clover club this week. Mrs. Joseph Schultz, will be hostess to the club next week.

A special meeting of the board of management of the Daughters of the American Revolution will be held at the home of Mrs. Ray Challenor, 300 S. Oneida-st.

MINISTERS TO DISCUSS CHURCH CENSUS PLANS

Local ministers and representatives of churches interested in conducting a city-wide church census will meet at the Y. M. C. A. at 8 o'clock Wednesday evening to arrange final plans, according to G. F. Werner, general secretary of the association. Thirteen churches have already signified their intentions of cooperating in making the project a success.

Miss Helen Argye of Kenosha, has returned to this city after spending two weeks visiting friends and relatives.

Carl Voeks is confined to his bed with influenza.

375,000 Jars Vicks Now Produced Every 24 Hours

That the public has not forgotten the lesson of 1918 is indicated by its prompt responses to the warning of health authorities to combat the flu by keeping free from colds.

The demand for Vicks VapoRub, the vaporizing salve which proved so valuable during the 1918 epidemic, has already shattered by a wide margin all previous records.

Although the capacity of the Vicks laboratories has been tripled since 1918, they are once more operating night shifts. The present output is more than 375,000 jars every 24 hours.

Mild though it is in comparison with 1918, this year's epidemic has already affected more than a million persons, and it is apparently still increasing.

Huge Chorus Is Superb In "Messiah" Oratorio

WITH powerful choral singing, and the careful training of months was preserved through the long postponement. The spirited, fervent singing of the stirring choruses was outstanding, and the responsiveness of the large chorus to the director at Lawrence Memorial chapel Sunday afternoon by a chorus of 300 voices and four soloists. Dean Carl J. Waterman directed the entire performance, and the 35-piece conservatory orchestra played the accompaniments.

Though the production was postponed for over a month, because of the epidemic of influenza, the singers lost none of their enthusiasm, and the careful training of months was preserved through the long postponement. The spirited, fervent singing of the stirring choruses was outstanding, and the responsiveness of the large chorus to the director at Lawrence Memorial chapel Sunday afternoon by a chorus of 300 voices and four soloists. Dean Carl J. Waterman directed the entire performance, and the 35-piece conservatory orchestra played the accompaniments.

CHURCH SOCIETIES

Plans to take part in the Loyalty Crusade to be held soon were made at the meeting of Christian Endeavor society of Memorial Presbyterian church Sunday evening. A contest between the members will be held and Miss Helen Verner will be chairman of the event. Members of the committee assisting Miss Verner will be Newton Walters, Dennis White, Janet Fritz and Betty Smith. Dennis White presided at the meeting and Miss Ernestine Johnson sang a solo. The program scheduled for Sunday evening will be given at the next meeting.

General discussion of the topic, Crusade for Health, followed the presentation of the subject by Miss Helen Meyer at the meeting of Christian Endeavor society of First Reformed church Sunday evening. A twelve members were present. A regular monthly business meeting of the society will be held at 7:30 Thursday evening. Next Sunday evening the subject for study will be "Loving as Jesus Loves" and Miss Evelyn Brandt will preside.

The Woman's Foreign Missionary society of First Methodist church will hold a meeting at 2 o'clock Tuesday afternoon in the Social Union room of the church. Mrs. J. B. MacLaren will lead the discussion of the missionary topic taken from the book, "Friends of Africa" and a missionary tea will be served at 6 o'clock. Mrs. Flora Sanborn is chairman of the committee in charge of the tea.

Mrs. E. M. Salter will be in charge of the devotionals at the monthly meeting of the Women's Union of First Baptist church at 2:30 Tuesday afternoon at the church. Mrs. Salter will discuss the life story of some woman of the Bible. The missionary topic from the book, "Friends of Africa" will be presented by Mrs. B. Smolk. The hostess at the meeting will be Mrs. H. G. Noyes. A social hour will follow the business session.

A card party and social for members will follow the business session of the Ladies Aid society of St. Joseph church at 2:30 Tuesday afternoon at St. Joseph hall. This will be the monthly business session of the society postponed from Tuesday of last week.

A business and social meeting of the Young Women's Missionary society of Trinity English Lutheran church will be held at 7:30 Tuesday evening at the church. Hostesses will be the Misses Hattie Luchben and Louise Kuetner.

There will be a meeting of the Martha's Household, Order of Martha at 2 o'clock Thursday afternoon at the home of Mrs. John Eichstaedt, Greenville-rd. This will be a regular business meeting of the Household.

CARD PARTIES

The first of a series of open card parties to be given by the Appleton Maennerchor will be held at 2:30 next Sunday afternoon at the Maennerchor hall, above the Gil Myers soft drink parlor. Skat, schafkopf and dice will be played and a lunch will be served. Members of the committee in charge of the party are Otto Reetz, Fred Kubitz, Herman Pruett, William Eggert and Charles Schrimpf.

William Doerfler of Milwaukee spent the weekend with relatives in this city.

An organization carefully selected and trained in which the spirit of helpful service in time of greatest need is always found.

AIR MAIL PLANES ARE STOPPED BY BLIZZARD

For the first time since the inauguration of the new Fox river valley air mail line, between Milwaukee

and Green Bay, on Dec. 16, the planes did not complete their circuit Saturday or Sunday. On Saturday, despite the severe storm, the north-bound plane from Milwaukee flew as far as Oshkosh but stopped there because of the difficulty of landing

and taking off. On Sunday the planes made no trips at all. F. F. Wettengel, acting postmaster, and Karl M. Haugen, manager of the local airport, said Monday that the runways of the airport here were to be rolled so that the plane could land. While no official word had

been received by Mr. Wettengel, it was expected it would fly through. Miss Viola Noll of Milwaukee turned Monday morning into a two weeks with friends in that city.

DID YOU KNOW THAT—

DICK HYLAND admits that Pop Warner used to burn him up. By calling him Frankie Merriwell. When he was playing some well half-back for Pop's Stanford team. Pop, they say, gives his squad 60 plays at the start of the season. And sometimes they use only six all season. Jimmy Fox, the kid wonder of the A's, told his folks he was going to a dance. So he could get out. And went away and got married. Lord Burghley, the noble hurrler, of England, invited H. H. Swarts, assistant graduate manager at Pennsylvania, to attend his wedding.

EARLY GAMES SHOW POWER OF BADGER BASKETBALL FIVES

Several Important Victories Are Recorded Last Week in Close Tilts

Milwaukee (AP)—Several important basketball victories were chalked up last week by Wisconsin quints, playing the season's opening engagements in the Big Ten and Midwest conferences.

The Wisconsin University cagers invaded Minnesota at Minneapolis Saturday night and left the Gopher varsity team trailing in a count of 29 to 21. The Badgers thereby won their first conference tilt and recorded their fifth victory, having already defeated the four non-conference foes.

Coach Walter E. Meanwell's "giant five" countered the Minneapolis hardwood court with both long range passing and the well known, Meanwell short-pass attack. The Gophers employed the overhead type of play.

Monday night the Badgers played their second Big Ten game on their home floor at Madison against the University of Michigan.

Three Midwest conference games were recorded in the 1929 annals. Hamline University of St. Paul, was defeated on two occasions. The Ripon college Redmen defeated the St. Paul cagers at Ripon Saturday night, 32 to 24, and the Lawrence college team defeated them at Appleton Friday night, 32 to 21.

At Wausau Saturday night, Carroll college took the North Central college cagers into camp 29 to 21.

In non-conference games, Beloit college lost to the University of Chicago at Chicago; Wednesday night, 20 to 16; and Carleton college of Northfield, Minn., was represented on the small end of a score, 32 to 24, in a game against the University of Wisconsin at Madison, Tuesday night.

The Marquette university Hilltoppers defeated Beloit college here Saturday night, 31 to 27. They will take to their home floor again Monday night, when the Lawrence college Vikings come here.

Carleton college will compete in conference games with Beloit and Knox on Monday and Tuesday, while the college engages the Grinnell quint in a non-conference game Monday.

Ripon will meet Monmouth and Knox in two consecutive conference games, Jan. 11 and 12. Cornell will open its Midwest conference schedule against Beloit Saturday, while Hamline university, following its Wisconsin invasion, will meet Carleton at Northfield in its third mid-west game.

Another group of teams, playing in the Wisconsin State Teachers' college conference, will take to the courts for important contests this week.

The Eau Claire Teachers will meet the Stevens Point Teachers on the latter's floor Tuesday night. The Superior teachers play the Eau Claire teachers at Eau Claire, Thursday night, according to the schedule. The Stevens Point teachers will meet the Oshkosh teachers on the latter's floor Friday night. Stout and Superior meet Friday night. The LaCrosse teachers will entertain the River Falls teachers Saturday night.

The game will be played at the Appleton high school. The game will be played at the Appleton high school. The game will be played at the Appleton high school.

The game will be played at the Appleton high school. The game will be played at the Appleton high school. The game will be played at the Appleton high school.

BRUSHING UP SPORTS... By Laufer

It wasn't exactly a new reason that Johnny Weismuller gave when he announced that he would turn pro a few days ago. It was the same old reason that a lot of other amateur athletes have given when they decided that they had to learn a living and the racket in which they had achieved fame as an amateur was good enough to bring in a little of the stuff that bought automobiles and clothes and food.

BADGERS TO FACE MICHIGAN TONIGHT

Game at Madison Will Be Second Contest of Season for Both Teams

Madison (Special) Michigan will meet the Badgers here Monday night in the first home conference basketball game of the present title race. These two quintets, tradition rivals in all sports, will be playing their second contests, as both opened their schedules last Saturday.

The two teams will take the floor in the old Armory gymnasium at 7:30 o'clock. The Milwaukee Journal radio station, WTMJ, will broadcast the game. Joe Sinauer, Wisconsin swimming coach and noted athletic announcer, will be at the microphone.

Last year "Doc" Meanwell's fast team divided the two game series with the Maize Blue tossers, each five annexing the home game. Adieu goes the Cardinal's 1929 aggression a greater opportunity to covet the rangy players that will appear in the Michigan line-up.

The Wolverines were the largest team in the Big Ten last winter. They are practically as big now, so it is a safe guess that the three giant Wisconsin forwards, Foster, Tenhopen and Kowalczyk, will all be in the line-up at the start. It would not be a surprise should the shrewd Meanwell call upon his caddy, Doyle, to take one of the defensive posts.

George Veenker, who became head coach at Michigan after the death of the veteran Eddie Mather, is starting his second year with the Maize and Blue cage squad. He went to Ann Arbor after several successful years in the prep schools at Hammond and Gary, Ind.

The present Michigan five is not stronger than last year, for Veenker has had no easy task in replacing Osterbaan and Harrigan, two of the best performers in the conference. In Kanitz and Truskowski, however, he has a pair of tall, rugged boys who fit in well with the style of play used by the Wolves.

Both these newcomers are juniors, but are playing their first year as regulars. Football captain-elect Truskowski has never chosen to play basketball until this season, but is slowly developing into the same type of offensive star as Osterbaan. Orwig is the life of the Michigan offense, while Chapman, who jumps and McCoy are the best defensive men.

Officials: Referee—Travels (Chicago) Umpire—Gitchell (St. Thomas) The game will be played at the Appleton high school. The game will be played at the Appleton high school. The game will be played at the Appleton high school.

Around The Sport World

BIG ON ONE SIDE

NOTHING OF THESE touching little stories has been told around leading up to the point that there is a great big heart under the tough hide of boxing.

Kid Chocolate is in the big dough now but a year ago he didn't have a dime. And this time last year, Eddie McMahon, promoting the little St. Nicholas club, was just one jump ahead of the sheriff.

Chocolate and his manager, Louis Gutierrez, went to McMahon and begged him for some work, but McMahon said he had been unable to make any money with good cards and he would be calling the cops if he started using un-knowns.

Gutierrez said Chocolate would sign to fight for nothing and if McMahon didn't make any money on the show the Kid wouldn't expect a dime. If the show paid the Kid would be satisfied with a few bucks.

Chocolate was a tremendous hit. After his first appearance at the little club he packed them in week after week and all hands made money. The Garden matchmakers went after him but he refused to do business with them.

Chocolate would stick by the fellow who gave him his start and his first time when he didn't have the price of a hot dog salad. And the Kid did stick to McMahon and he continued to work for his fifteen per cent of the house when he could have demanded twice as much if he had not been so full of gratitude.

It was a beautiful story. So full of touching sentiment that it's almost painful. But, said to state, there are two sides to the story. And the other side is as hard as the racket itself.

The Kid's manager went to the New York Faking Commission before they went home for Christmas and told their side of the story. It was true, he said, that they had a feeling of great gratitude for McMahon.

THE OLD FORCER

The Kid's manager said that the first news he had heard of several matches made for the boy came when he saw posters in the windows advertising the matches.

Some of the matches were tough ones and the Kid was fighting himself out working week after week. He wanted the Kid to have a little rest but he couldn't do anything when he saw the advertising out for the fight.

He was told that when the promoters went to the expense of carding a show and advertising it that the commission would throw a fighter into the jug if he didn't go through with it.

And the Kid kept going through with them until someone tipped him off that contracts had to be signed and that he should go to the commission about it.

That is the other side of the story. And it's not so sweet.

ELK NATIONALS NEED 4 GAMES TO DOWN MOONS

Closing their three-game match at Elk allers Sunday with a tie score, the Elk Nationals shot 1,041 in the fourth and deciding tilt, winning their match with the Blue Moons of Kimberly, 3,685 to 3,528. The Blue Moons will roll at Elk allers again next Sunday, meeting the Appleton Aces at 8:30.

The scores: A. Brecklin 181 192 212 190 J. Verbeten 169 178 210 190 C. Van Able 155 146 161 190 Van Haelst 125 201 169 184 H. RIPON WINS FROM HAMLINE U., 38-34

Ripon — Coach Russell Ripper's Ripon College basketball team opened their Mid-West conference season here Saturday night by defeating the invading Hamline cagers from St. Paul, 38-34.

The victors quickly overcame a 5-6 lead the visitors assumed early in the opening period and were never again headed. They led for the last 23-19 and ran their lead to 38-20 soon after the second period got under way. Hamline then staged a splendid comeback to gather 14 points in the remainder of the clash.

BELOIT WILL PLAY CARLETON MONDAY

Beloit — Beloit will open its home basketball season Monday night when it plays Carleton college, one of the strongest opponents on the entire season's list. Carleton has already played the Universities of Minnesota and Wisconsin and made creditable showings, and Beloit, in her first game of the season, held Chicago, 20 to 16. Coach Rohrer's lineup includes: L. Bottino (Capt.) and Carl Thostenson, guards; Robert Schneiberg, center; Glen Taylor and Jack Bottino, forwards.

GOLD MEDALS TO BE GIVEN THE WINNERS

Entry Lists Will Be Closed Next Thursday Afternoon

NOW that Appleton skating rinks are buried under a blanket of snow perhaps the young people about the city will appreciate the fact that the seventh annual Post-Crescent ice skating tournament will be held Sunday afternoon at Jones park and entry lists for the tourney will close Thursday.

So far there hasn't been much interest shown in the races, the skaters apparently spending most of their time on the rinks. With closing of the entry lists but four days off, skaters will have to hurry to get under the wire. The ENGAGE FIGURE SKATER

As an added attraction at the seventh annual Post-Crescent skating tournament, the services of a figure skater, who will perform for about ten minutes near the middle of the tournament, have been obtained. The skater will be Del Bissett, Oshkosh, who has done figure skating in that city and vicinity for many years. He will be in Appleton soon to arrange his program which then will be announced.

Lists cannot be kept open any longer than Thursday for some time it is needed to complete the numerous arrangements preparatory to races. Handsome gold medals will be awarded the winner in all events and two skating figures and a silver cup will go to the champions in the various classes. There will be 15 gold medals given away, one for each of the fifteen general events.

Up to noon Saturday about 15 entry blanks had been received by the skating office of the Post-Crescent, far from a really make the contest interesting. Peculiarly enough there was a representative from Kaukauna, Neenah, Menasha, Kimberly and Little Chute which left few Appleton skaters interested. The entries from these neighboring cities also are slow, for with the contest open to all skaters in Neenah, Menasha, Kimberly, Little Chute, Kaukauna, Horvonne, Weyauwega, Waupaca and New London, there should be as many from these towns collectively as from the city of Appleton.

COME ON, GIRLS Only one young lady has shown any interest in the tournament so far, and she hails from a rural route out of Neenah. There are numerous misses about the city who are mighty fine skaters any should try for one of the gold medals being offered this year. There are two classes for the girls to race in, the junior class for girls 15 years or under and the senior class for girls over 16.

One of the entries during the week was Arthur Roemer, who copped the boys championship last season and won a cup for his troubles. He has entered in the senior men's races this year despite the fact he's only 16 years of age. And to show that he isn't a bit superstitious he made a request for No. 18, which request has been granted.

With the passing of each day, the time for entering the races becomes shorter. Entry blanks appear on the sport page of the Post-Crescent daily. Just clip the blank and bring or mail it to the Skating Editor of the Post-Crescent. There'll never be so many he can't handle them all.

Vikings Meet Marquette At Milwaukee Tonight

Game Is Annual Classic for Lawrence Alums in Cream City

COACH A. C. Denney will trot his 1929 basketball team out before the critical eye of Milwaukee alums of Lawrence college and devoteate sports writers Monday evening when the Vikings clash with Marquette university five up at the Hilltopper's gym. The game is annually the high spot in Lawrence basketball for Cream city and southern Wisconsin friends of the college.

The downstaters probably feel pretty chummy over their victory over Beloit Saturday evening and look at the Vikings' invasion as another chance to cleanup on a Little Four team. There is little question, however, that Coach Murray won't be so confident, for he has had a long and often sad experience with Viking cagers both at home and at Appleton.

From reports on the Beloit game the Blue and White will have to pay special attention to a young Irishman named Dick O'Donnell, who hogged the honors in the fracas Saturday by caging seven field goals all by himself. Vikes who were members of last year's team will remember him, however, for they had more than one amount of trouble with his spectacular tosses in the armory and Milwaukee gym.

It will probably be an over confident Lawrence team that takes the floor Monday night, for the Vikes apparently have been impressed with the fact they didn't look so terribly good at times against Hamline. Of course it will be a long week before they meet another team with as fast a driving attack as the Crimson; but it still stands that there were times when the defense was caught wide open.

Denney's starting lineup probably will be the same that started the game against Hamline Friday. Frank Schneller, because of his spectacular performance at center in the last half will get the call against the Murrays. If he hasn't risen to exalted heights because of his work Friday he'll prove a mighty valuable cog in giving Coach A. C. Denney his second victory. Ken Laird will be ready to relieve Schneller should he falter or need a rest.

Neither Biggers nor Slavik gave the fans much to talk about because of their performances Friday but both showed they have wonderful possibilities. They'll probably be called first with Hoffman and Rasmussen as reserves.

The choice for guards rests entirely with Denney and the one telling who he'll pick. Steinberg appears to be a positive choice as one guard because Denney likes the sophomore's play. The other position is almost a tossup between Pierce and St. Mitchell. Pierce is a slow starter in this game of basketball and it's probable Denney will use him so that he reaches mid-season form as soon as possible.

Marquette has a bunch of veterans and is captained by Swede Gebert, of football fame. Andrews, a former Shawano youth, is center, and O'Donnell is the big scoring threat.

time for entering the races becomes shorter. Entry blanks appear on the sport page of the Post-Crescent daily. Just clip the blank and bring or mail it to the Skating Editor of the Post-Crescent. There'll never be so many he can't handle them all.

MUCH ADO ABOUT SEVERAL THINGS

Both Appleton high school and Lawrence college basketball team crashed through with victories Friday night against conference teams. But one apple doesn't make a bushel and one game doesn't make a season. The highs are reported to have looked good defensively but poor offensively while the college flashed for a time and then sunk to the depths a few minutes later. Both teams get their second test Monday evening, the highs in armory G and college down at Milwaukee with Marquette furnishing opposition. And of the two the highs seem to have the easier job for from reports on Marquette, Coach Murray has a highly powerful five when it comes to tossing baskets.

If the highs lose Monday night in their own back yard perhaps Coach Joseph Shields will again register the complaint he had after the Sheboygan game. Appleton high hasn't a place to practice basketball any more and there are no ifs or ands or buts about the question. The Orange hasn't practiced in the armory since the week before. They won't get a chance at the place until next week sometime. All in all they're handicapped by not having a decent place to work in and then must play in a gym that's almost as foreign to them as their opponents. If a team can't get a break in its own gym it's certain they won't in some other school's.

The boys still are penning columns about the stunt Roy Riegels pulled over on the west coast New Year's day. Most of the comments have been to save the wound and each scribe has his own alibi for the California center. But not Riegels. He just says he was mixed up in his evading a tackler and that he galloped the wrong way. It shows himself a good kid. Thousands of other gridders would have taken advantage of those alibis and hid behind one or two. The collegiate football world forgives much easier than the professional sports world and chances are that in a year or two the trick will be forgotten. How many Badger grid fans remember when Kreuz of Wisconsin was the wrong way or when Holmes ran a punt 25 yards toward his own goal. Not many.

Perhaps it was the fact that Coach A. C. Denney had a flock of players he could throw against Hamline that enabled the Vikes to win their first conference victory Friday night, but it still remains that numbers are advantageous from another stand point. With three or four men for positions the Vikes will have to play their best to stay with the team and incidentally betoken on some of the choice trips Denney has mapped out. There'll never be an indifferent move on the part of a Vike cager this winter for if there is, out he will go. And although the season is but a game old, things look fine for a mighty successful year.

ST. JOSEPH CAGERS RESUME PRACTICES St. Joseph junior high school basketballers resumed practice Friday evening at St. Joseph school gym. The youngsters are preparing for their first game since Christmas vacation next Friday evening. They have played one game this season, taking out a win in the closing minutes against Freedom.

Practices during the next week will be confined to smoothing down the Crimson's attack. The youngsters have plenty of material and soon will be in mid-season form.

Dance Tues, night, Jan. 8 at Sheahan's Hall, Little Chute, is postponed.

Success Of State Pin tournament Now Assured

By WM. F. FENSKE About Wisconsin Bowling Ass'n's coming state tournament held under the auspices of the Wisconsin Bowling Association at Jan. 22 at about Feb. 24, a success is now being assured, and the only question that arises is the size of the entries close next Thursday.

Jan. 10, the bowlers of the state undoubtedly will be seduced at the tremendous interest in the tournament. The state tournament, taking as a criterion the state tournament, location in the Eagles club at Sheboygan with 12 new contestants tournament allers is the size of Sheboygan. These have been properly prepared for tournament and an export corps of allers men will be at service of the state officials to the allers in the finest position throughout the life of the tournament. The same condition of allers will be had the close days as will be held during the dates of the big tournament.

The tournament is really the great athletic event of the state of Wisconsin as far as actual and participants are to be considered. There will be about 7,000 men and the allers to join in the mad scramble for the record prize list of about \$25,000. The very best grade of trophies have been secured for the tournament, and have been stored in Sheboygan for the past 60 days so that each pin will be as big and as beautiful as the state tournament and this guarantee of service to all and favors to none.

What are known as week-end dates, constituting all Friday night, Saturday, night and Sunday night dates have been filled, but there are some splendid mid-week dates left, and as Sheboygan is only a few hours ride from all sections of the state, the teams will only be obliged to lose one day, one day and a half from their home city. With entries closing at midnight on Jan. 10, the bowlers are warned again this year as in former years that no entries will be received that bear postmark after date of Jan. 10.

POSTPONE HOCKEY TILT HERE WITH NEW LONDON

The hockey game scheduled here Sunday afternoon between the Appleton Independents and the New London City team was postponed, the heavy snow storm over the weekend making it impossible to play. The New London team will be met here on Monday.

That Sunday SUIT

On Sundays especially a fellow likes to feel "all dressed up" that he might feel his self importance, and dignity, but he can't get that excited feeling out of a cheaply tailored or shop suit. There are other occasions during the week one likes to make a special impression, so at least one good tailored suit should be a part of your wardrobe. Therefore, one of our suits will cost no more in the end. Come in and see our new samples.

FEW CHANGES SEEN IN YANKEE LINEUP

Only Big Problem Facing
Manager Huggins Is Third
Base Position

NOTE—This is the first of a series of stories dealing with mid-winter prospects of major league baseball clubs. Others will follow day to day.

BY BRIAN BELL.
New York — (AP)—Miller Huggins, mite manager of the world champion New York Yankees, may know who will play third base for him next season—no one else does. Huggins apparently is more interested at the moment on keeping a golf ball on the confines of St. Petersburg greens. Joe Dugan, who has played third base for the Yankees in five world series, will not be among those present. The little strategist has Gene Robertson, who plays 70 games at the position last year, Mark Keating, if another shortstop is developed in the spring, and Julian Wers, who has been acquiring experience in a league for two years.

Leo Durocher can play shortstop and Lyn Lary comes well recommended from Oakland but has yet to earn his big league status.

When Manager Huggins is conceded only one infield problem it is assumed that Tony Lazzeri will be himself again at second base. He was troubled with a bad shoulder last year. If the injury should persist Durocher would have to be thrown into the second base opening.

There will be no argument at first base with Lou Gehrig playing the bag and pounding out home runs and George Burns in reserve to hit doubles.

There will be no outfield revision. Babe Ruth, Earle Combe and Bob Messersmith are intact and the two substitutes of last year, Ben Paschal and Cedric Durst again will stand and wait.

Benny Bengough, John Grabowski and Bill Dickey will be the club's two catchers unless Arndt Jorgensen, an Oklahoma City recruit, can fight his way in.

Outfielders include five left handers. Herb Pennock, Tom Zachary and Fred Heimach are holdovers and Ed Wells, former major leaguer but later of Birmingham, and Lee Craig, another Oklahoma city product, are additions.

Waite Hoyt, George Pipgras, Henry Johnson, Myles Thomas and Al Shelly are other veterans who will be back.

Gordon Rhodes, Hollywood, Fay Thomas, Oklahoma City, Roy Sherid, Montreal, and Floyd Van Pelt, will make bids.

MODERN BARNUM IS DEAD

Here is one of the best pictures ever taken of Tex Rickard, noted promoter of big sports events and "America's Modern Barnum" who died Sunday at Miami Beach, Fla., following an operation for appendicitis.

Physicians battled manfully for two days trying to save the life of the noted promoter. Bulletin issued Saturday night and Sunday morning indicated his condition was exceedingly grave but his doctors believed he had a chance to recover. One of his visitors in his last days was Jack Dempsey, former heavy-weight champion whose tremendous drawing power made it possible for Rickard to stage the most stupendous sporting events in modern history.

Rickard, whose picturesque career brought him international fame, began life as a cow puncher in the west. He planted the seeds of his fortune while running a gambling house in Alaska during the gold rush. Later, he prospered in the gold fields of Nevada and in recent years he has promoted the gigantic sporting events in which the receipts aggregated millions of dollars.

Below is Rickard's palatial winter home at Miami Beach where he was stricken with appendicitis. He and Mrs. Rickard are standing beneath the palm tree.

HAPPY SAUSAGES WIN FROM NEENAH QUINT

Dropping the first game by 88 pins, Happy Sausages five, Appleton, finally got their "hooks" under control and won the last two tilts in their match with Neenah five bowlers at Arcade alleys Sunday. The victors totaled 2,434 for the match, while the Neenah aggregation amassed 2,406.

Each team, which includes some of the best women bowlers in the valley in its lineup, has now won a match, and will meet in a third match on neutral alleys at Menasha at 2:30 Sunday afternoon, Jan. 27.

The scores: Neenah Five
Schmidt 156 194 165 515

These teams have each won a game on alleys at Arcade and Neenah alleys and are the best bowlers of the far sex in the Fox river valley and will meet at Menasha neutral alleys to decide championship from Jan. 27 to 30th.

A. A. L. BOWLERS WIN TWO MATCH GAMES

The A. A. L. bowling team of Appleton apparently is putting in a clum for match game honors in the city and vicinity and during the last few days has copied games from the Cory Corners of New London and Appleton Eagles.

The game with the Corners went to the Appleton five with 2,594 pins against 2,498 while the Eagles were overwhelmed 2,859 pins to 2,519. J. Behnke hit high series in the New London game with 614 pins and T.

REMOVE GUARDS TO SPEED FOOTBALL, COACH SUGGESTS

Philadelphia — (AP)—If the football rule makers wish to speed up the game and in the scoring more frequent, Lawson Robertson, trainer at the University of Pennsylvania and head coach of American college teams, suggests the removal of the two guards.

"There are too many men on the field now," he said, "and I would suggest dropping the guards. They are three; they work hard, nobody sees them. They just make the game more complicated by their presence on the field without adding in the least to the thrills. Removal of the guards would mean more scoring."

Robertson's suggestion found little favor with Lou Young, Penn coach. "So far as I am concerned," he said, "if they would let football alone, its all right the way it is."

Sauer was high in the Eagles game with a 614.

Book Of Knowledge

"Men Of The South Pole"

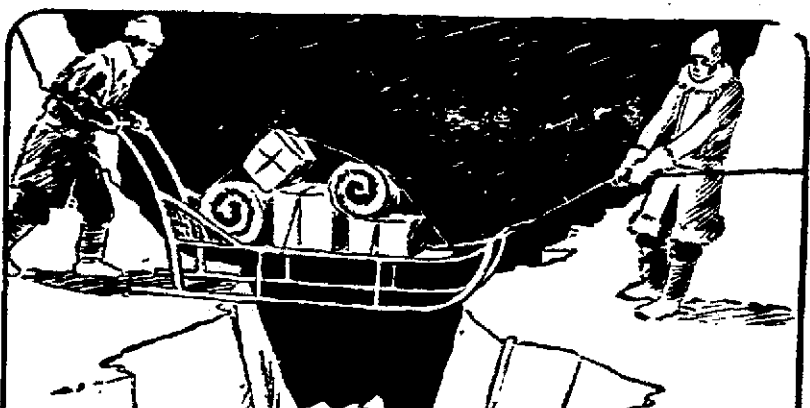

South Polar exploration finally narrowed into a race between Captain Roald Amundsen and Captain Robert Scott. Scott started from London in the Terra Nova in June, 1910. Meanwhile Captain Amundsen, who has set out for the North Pole, learned Peary had reached it and turned about to attempt to discover the South Pole instead.

Scott met difficulties from the outset. Several of his ponies were seized by huge grampuses. The weather continued bad.

On the other hand Fortune smiled on Amundsen. He relied on dogs for his haulage power and had 52 of them when he started.

After wintering at the Bay of Whales at the edge of the Great Ice Barrier, Amundsen started his dash toward the Pole Oct. 20, 1911. Scott wintered on Ross Island and started his expedition Jan. 4, 1912. One by one Scott's ponies were used up. When he had gone half the distance to the Pole, the men had to haul the sledges themselves.

NEARBY TOWNS

TRAFFIC HARD HIT BY HEAVY SNOW STORM

Train Service Checked and Bus Schedule Dropped for Day—Is Resumed

New London — The heavy fall of snow, which began late Friday and continued until late Saturday night, has been the means of severely crippling traffic of the community. Train service had not been resumed on regular schedule late Sunday. The early morning north bound passenger train became stuck in drifts near Greenville on Sunday morning. Bus service was discontinued on Saturday but with the snow plows at work all day long on Sunday, Harvey Graupman, manager of the inter-county line, stated that with the first bus going out late Sunday evening, the regular schedule would be maintained again on Monday.

Rural postmen anticipated serious trouble in making their rounds on Monday, as few of the main roads had been plowed and side roads were untouched. Andrew Laib and others of the rural carriers who started out in cars on Saturday had to be towed in to town on Saturday afternoon behind sleighs and bobsleds. Mr. Laib stated that he would start his Monday route with horse and cutter and when drifts became too high he would return. Mrs. Raymond Prahl will probably be the only rural carrier to make the complete route, as she is equipped with a snowmobile.

CARS STALLED
Few cars were seen on city streets on Sunday except an occasional one which had become stalled and was left in its tracks. Garage men were busy on Saturday night pulling out stalled cars, and little clearing of streets was accomplished on Sunday.

Highway 25 was cleared on Sunday morning and the road to Manawa was clear. A Borden truck driven by Lucien Brault made the trip on Sunday without any trouble, though many other county roads were not cleared until later in the day.

HOCKEY GAME CANCELED
The New London hockey team's game scheduled for Sunday afternoon with the Appleton Independent was canceled because of impossibility of the roads. It is hard to say when the next game will be played, due to the full program of the Appleton team. Other games are being dated by the locals, and will be announced as soon as they are made definite.

Skating was popular on Sunday, many youngsters of the city walking the three miles between this city and the Becker farm where skating is the best. A fine natural takeoff is found at a point called Devil's Hollow, and the hill was crowded on Sunday. Others tried various jumps found at Mosquito hill, which is excellent for older skiers.

NEW LONDON PERSONALS

Special to Post-Crescent
New London — William Lintner spent the weekend at Sheboygan when he attended the funeral of his aunt, Mrs. John Lintner.

Mrs. Myrtle Swift of Madison, returned to her home Monday after a weekend visit with friends in this city.

A daughter was born to Mr. and Mrs. Albert Vole Thursday, Jan. 2. Mrs. Albert Zerkner will leave Tuesday morning for an extended visit with her mother, Mrs. Frank Gross, at Colorado Springs. Her son, Orville, will also leave Tuesday morning for Lake Geneva where he is attending Northwestern Military and Naval Academy.

Roy McIlraith and Leonard Gruentz left Saturday for Milwaukee where they will be serving in the United States Navy at Great Lakes.

ATTENDANCE AT SCHOOLS NOT HARD HIT BY GRIP

Special to Post-Crescent
New London — Despite the many cases of grip in the city school attendance is very good, according to Miss Loretta Rice, city school nurse. The school attendance was expected to reach normalcy on Monday. "People have learned their lesson," Miss Rice affirmed. "They go to bed and stay there, for they realize that rest and warmth and good care are the proper formula and within a few days they are much better and are able to return to work or to school."

FORMER BEAR CREEK RESIDENT IS DEAD

Special to Post-Crescent
Bear Creek—George La Duke, 64, died at the home of his son, Mrs. Charles La Duke, of New London Friday afternoon. Mr. La Duke was formerly a resident of this community, living on a farm in the town of Bear Creek where he spent practically his life.

The body was brought here Monday morning and funeral services were held at the home of Mrs. La Duke. Interment was in the parish cemetery.

What have you to trade? We'll make you a liberal allowance on your old automobile, phonograph or used radio set — on the Coronado All-Electric radio, with Dynamic speaker. General Stores, 229 West College Ave.

NEW LONDON SOCIETY

Special to Post-Crescent
New London—The Ladies Aid society of the Congregational church will hold its January meeting Wednesday afternoon at the home of the Rev. and Mrs. Henry P. Freeling. The serving committee for the afternoon will include the Mesdames John Fellenz, Herbert S. Ritchie, Carlton B. Reuter, J. W. Monsted and Henry P. Freeling.

Mrs. Henry Lemke will be hostess to the members of the Autumn Leaf club Tuesday afternoon.

FREELING AGAIN IS ELECTED PASTOR OF NEW LONDON CHURCH

Annual Congregational Gathering Draws Many Other Officers Chosen

Special to Post-Crescent
New London—The annual business meeting of the members of the congregational church was held at the church parlors Friday evening, with a large representation of the church membership present. Annual church reports were read showing that the work in all departments of the church for the past year were good. The following officers were elected to serve for the year 1929. Pastor, the Rev. Henry P. Freeling; clerk, Mrs. John P. Seering; treasurer, Mrs. E. C. Jost; trustees, H. S. Ritchie, E. T. Avery and A. O. Zerkner; prudential committee, C. W. Lyon, A. I. Vergowe, F. L. Zaig, Mrs. A. I. Vergowe, H. B. Crusty, E. C. Ostreich; organist, E. L. Reuter; church school superintendent, Mrs. Ellis N. Caley; ushers, Harvey Steinberg, C. E. Abrams, Parry Cornelius, Carl Fellenz; flower committee, Mesdames H. S. Ritchie, F. L. Zaig, F. E. Patchen, C. E. Abrams; music committee, E. L. Reuter, Mrs. E. C. Jost and Mrs. C. B. Reuter; president ladies aid, Mrs. A. O. Zerkner.

REDECORATE OFFICES IN MONSTED BUILDING

Special to Post-Crescent
The office of the Drs. J. W. Monsted and J. W. Monsted, Jr., and the dental parlors of Dr. E. Lyon, situated on the second floor of the Monsted building on N. Water-st., have been undergoing improvements during the past week. The waiting room of the Monsted suite has been decorated with panels of tiffany effectively finished on walls of white enamel. New furnishings have been selected for this room which will provide ease and comfort for the patrons. The office walls will also be refinished in white enamel upon completion of the work already begun.

The walls of the dental parlors of Dr. E. Lyon are also being enameled and the operating room provided with several new pieces of dental furnishings. Two new operating chairs will be installed and the necessary corresponding equipment will be added.

PAUL HAHN SMOKEHOUSE IS DESTROYED BY FIRE

Special to Post-Crescent
Sugar Bush—Two hams and fifty pounds of home made sausage "went up in smoke" Thursday noon when Paul Hahn's smokehouse caught fire and burned to the ground while the family was eating dinner.

The Ladies Aid society of Grace church will meet at the home of Mrs. Frank Russ, Thursday afternoon, Jan. 17.

Miss Evelyn Hill returned to Valparaiso, Ind., Saturday after spending two weeks with her mother, Mrs. Helen Hill.

Mrs. A. A. Eisenbraut and Miss Mabel Thoma left Thursday for Milwaukee.

Pearl, the little daughter of Mr. and Mrs. Albert Roloff, former residents of this place but now of Embarras, submitted to an operation for appendicitis at the community hospital at New London Wednesday.

Mrs. Charles Reinert spent Wednesday and Thursday with her daughter, Mrs. Irvin Paul, at Bear Creek.

"Jack and his Johnnies" will furnish the music for the dance following the card playing Tuesday evening when the Ladies Social club gives the fourth of a series of card parties at Thurks hall.

ALBERT FINGER HURT WHEN STRUCK BY LOG

New London—While he was assisting in moving a pile of logs at the American Plywood plant Friday, Albert Finger was painfully hurt when one of the logs slipped from the control of a member of the crew and struck him just below the left eye.

Mr. Finger was taken to a hospital where the left side of the head was badly bruised the accident could not prove serious. The victim will be disabled for several days.

DEBATE TEAMS TO MEET NEW LONDON AND NEENAH HIGHS

Waupaca Speakers Working for First Round in Talking Contests

Special to Post-Crescent
Waupaca—The high school debaters, in the first round to be concluded by Feb. 8, will meet New London and Neenah. In the second round the opposition is composed of Menasha and Kaukauna. In addition to these regular league debates, Waupaca is to engage in a non-conference debate with Manawa on Jan. 31. The regular team members will be chosen now in a few days and definite work started on speeches.

The Freshmen-Sophomore Dramatic club, composed of about 35 members of the two classes under the direction of Miss Helen Hartman, will present a play Wednesday, Jan. 9. It is a three-act comedy by Hare, entitled Cheer-Up. It will be given in the high school auditorium.

Following is the cast of characters: Hon. Jeremiah McCarthy, president of the board, Ronald McGill; Jonah Mulligan, with no more ambition than a cutpurse, Ray Jensen; Doctor David, physician at the Children's home, Glenn Johanknecht; Brother Enoch, thin member of the board, Richard Danielsen; Judge Hamm, short member of the board, Willard Hanley; Buster, a grocery boy, Austin Holly; Annie Evans, Little Orphan Annie, Louise Dahlm; Sarah Upshot, the cook, with no use for the male sex, Miriam Krutz; Sue Maginnis, an orphan from the city, Mae Barber; Aunt Mary, with a heart of gold, Verma Ireland; Miss Stone, a hard-headed matron, Myrtle Pike; Donna, a vain little orphan, Jean Knight; Mrs. Pettibone Oliver, the rich lady in the country, Agnete Miller; Grace, a prim little orphan, Alice Baker; Ethel a gay little orphan, Charlotte Bemis; Baby Dan, aged four, John Kenyon Stage managers, Kermit Anderson and Donnell Maney.

Theodore Nelson, Franklin-st., is confined to his home with illness.

The Rev. F. C. Richardson attended the funeral services of the Rev. Allan Adams of the Algonquin Methodist church at Oshkosh Thursday.

A pretty wedding took place at the home of Mr. and Mrs. Olaf Skye, N. Division-st., at 4 o'clock Wednesday afternoon, when their daughter, Norma, was married to M. Jerome Stromberg of Milwaukee, son of Mr. and Mrs. Bert Stromberg of Iowa. The ceremony was performed by the Rev. Jens Mathieson of the Lutheran church of Iowa. The young couple, accompanied by Miss Bulah Jacobson of Iowa and Elly Strömberg, brother of the groom. Following the ceremony, a wedding supper was served to the guests, after which Mr. and Mrs. Stromberg left for Milwaukee where Mr. Stromberg holds a position as druggist and where they will be at home after Jan. 15 at 1605 Oakland-ave.

The fire department was called to extinguish a small roof fire on the home of Asa Beach near the cemetery Thursday morning.

HOLD FUNERAL FOR CLINTONVILLE MAN

Prominent Resident of City Is Buried on Friday Afternoon

Special to Post-Crescent
Clintonville—Funeral services for Charles Mees, prominent resident of this city since 1890, who died at his home on W. Eight-st Monday afternoon were held at 2 o'clock Friday afternoon from the home and at 2:30 from the St. Martin Lutheran church. The Rev. R. F. W. Pautz had charge of the services. Burial was made at Graceland cemetery.

Mr. Mees was born at Johnson's Creek, Jefferson-co. on June 7, 1861. He later moved to Bloomfield with his parents and later to Hortonville. On Dec. 2, 1886, he married Miss Henrietta Lippold and they made their home on a farm and after moving to Hortonville. In 1900 they moved to this city where Mr. Mees was employed.

Mrs. Mees is survived by his widow and four children, Edward of Port Washington, Mrs. Frank Manser of this city, Clarence of Marion and Mrs. G. M. Krueger of Wisconsin Rapids; one sister, Mrs. Mary Wendt, Amboy, Minn.; and eight grandchildren.

The Dorcas society, Congregational church, held a regular meeting at the church parlors on Friday afternoon. The regular meeting date was Thursday but due to a funeral held at the church the meeting was postponed.

Miss Beulah Holmes who has been employed at the Holmes-Raymond variety store at Marion returned to her home in this city the latter part of this week.

Mrs. John Trumbull is confined to her home by illness.

Mr. and Mrs. H. Miller, West Allis, were visitors at the Ben Miller home.

Governor Smith Says Farewell

Copyright, 1929, NEA Service, Inc.—Transmitted by Telephoto
After four terms, Governor Al Smith said farewell to the governor's office of New York as Franklin D. Roosevelt, his successor and his protegee, was inaugurated at Albany on New Year's Day. This NEA telephoto shows Roosevelt (left) and Smith as they appeared on the rostrum at the inaugural. Roosevelt becomes governor of the Empire State for the next two years.

Many Lose Homes As New Boundary Line Is Found

Higgins, Texas — Because a corps of surveyors have finally located the one hundredth meridian, that forms the boundary line separating the Texas pan-handle from Oklahoma, a thousand homesteaders who thought they owned farms have discovered that they don't own anything.

These people settled in what they thought was Oklahoma. They improved their land, built houses, had their land titles checked and supposed that everything was all fixed. Now, however, they have been notified that they live in Texas and that their titles to their lands aren't worth the paper they are written on. Some have moved away, abandoning their homes entirely; others are going to stay and fight.

BOUNDARY MOVES
The Oklahoma-Texas boundary line which runs north and south along the eastern side of Texas' famous "Panhandle," has moved east. Not very far—you can't see the difference on an ordinary map. At the southern end of the strip the boundary moved east only about half a mile; at the northern end the movement was only about a quarter of a mile. But the strip is 132 miles long, and contains more than 40,000 acres of land—room enough for lots of trouble.

Oklahoma and Texas have had many squabbles over their boundaries, and a brief outline of these difficulties is necessary to an understanding of the present situation, which will deprive a thousand settlers of their homes unless congress and the Texas legislature take remedial action.

The first rumple came several decades ago. For many years the north fork of the Red river had been accepted as the Texas-Oklahoma boundary. Between the north fork and the river itself was Greer county, always considered a part of Texas. Residents of that county considered themselves residents of Texas. They had Texas titles to their land, voted

in this city for a number of days this week.

Arnold Mees was a New London visitor on Saturday evening. Mrs. Robert Winkler and Mrs. Edward G. Schulz and Mrs. John Winkler were hostesses at a one o'clock luncheon at the Hotel Marston on Thursday. Bridge followed the dinner.

On Friday evening the Clintonville high school basketball team defeated the alumni, 15 to 2. Following it was the lineup: High school — Carson Nauel, center; Carlton Schultz, and Ronald Schmidt, forwards; Myron Marshack, Walter Martin, guards; John Monty and Edna Dancy, sub-alumni — Walter Krause, center; Harold Schauder and Walter Seyer, forwards; Eldor Schorn and Robert Olsen, guards; Corwin Bolman, William Merrill and Glen Dancy, sub.

any line ran through the center of the river. Texas acquired title to riverbed lands from the state of Texas. But Oklahoma contended that the boundary line was really the south bank of the river. The courts sustained this view, and many Texans who bought rich oil lands found that their titles were invalid, since the lands were really in Oklahoma.

PRESENT CASE ARISES
Now this third case has arisen. The statutes of the Panhandle boundary as the 100th meridian of longitude. For a long time it has been known that this had been surveyed rather sketchily. Markers erected by the original surveyors, in 1890, could not be found, and a subsequent survey carried the line farther west than it should have been. So Texas, when the Red river case went against it, brought suit in the supreme court of the United States for a re-determination of the 100th meridian.

The court ordered a new survey, made, and for months the work was in progress. It was carried on under difficulties. It was necessary to place concrete markers along each mile of the line, and the lines had to run straight over creeks, swamps, mountains and the wide Panhandle plains.

Homesteaders along the way showed many questions on the surveyors, asking them what the effect of the changed boundary would be, and the surveyors told them the only difference would be that they would pay their taxes to Texas instead of Oklahoma. Hereafter, But now legislation will be needed to make it as simple as that—and Texas legislators, remembering that Oklahoma failed to compensate the dispossessed settlers in the other two cases, may not be disposed to enact it.

SETTLERS ORGANIZE
The leader in the fight to relieve the new residents whom Texas acquired so suddenly is C. E. Gray, of Higgins, a 71-year-old pioneer who settled here 42 years ago and began buying up the new land. Gray holds a considerable acreage, much of which lies in the territory which after being part of Oklahoma, has now become part of Texas, and he is organizing the other settlers to plead for relief.

The settlers want one of two things—to have Texas pass a law giving them valid titles to their holdings or to have congress pass a bill reimbursing them for money spent on their lands.

Texas, incidentally, doesn't know just what to do with the new land. The strip runs along the ends to half a dozen Texas counties, but existing laws will not allow it to be split up and added to these counties in pieces. It may be necessary to make a whole new county out of it—and if this is done, Texas will have the oddest county in the United States—132 miles long and half a mile wide!

Big Rummage Sale, Bijou Theatre Bldg., N. Oneida St., Tues., Jan. 8, 9 A. M.

Chinese Press Rebels Against News Censors

Shanghai — (AP) — Chinese newspapers, censored by strict national laws, have struck their blow for freedom of the press. They demanded the right to take their place among the world's newspapers by a bold and unabashed news. Instead of a half-approved propaganda.

The press is a plain thing, even with a government and a censored newspaper. The people's rights, they are not able to print the newspapers.

In an effort to break down this long established censorship, publishers, especially those in Shanghai, have formed an association with the one and the same purpose of forcing the Nanking government to throw into the discard the last vestige of censorship.

The scores of years Chinese newspapers have ignored the exist in spite of a continually changing government and a steadily kept to prevent the publication of news that might prove harmful to his short-lived regime. As a result, prior to the coming of the Nationalists Chinese dailies were forbidden to print news of political developments or to discuss any governmental changes taking place. As a result the dailies for a time were reduced to printing no news at all.

Remember that postal rates on newspapers are reduced have also been handed in along with the other

requests and demands. The publishers declare they are forced to pay a far higher rate on newspapers than is charged on other bulk material going through the Chinese mails.

The publishers have not stopped with complaints dealing with matters purely connected with their newspapers. They have also asked that the telephone communications between the more important Chinese cities be improved and that the newspapers be allowed to use them for transmission of the Nationalist capital at Nanking has some serious problems for the Shanghai Chinese dailies.

Practically all government news originates at Nanking but the publishers complain they have no facilities for getting it to Shanghai. There are now two telephone lines between Shanghai and Nanking. The newspapers are limited to one hour daily for using the lines for press work. The telegraph lines are too slow, they claim. Two of the leading dailies have resorted to wireless in an effort to get the day's news into their editions the following morning.

HISTORIC LETTERS GIFT

Syracuse, N. Y.—(AP) — More than 1000 letters, dating from 1790 to 1875 written by Wendell Phillips, William Lloyd Garrison, John Brown, Charles Sumner and others have been presented to Syracuse university by Gerrit Smith Miller of Petersburg, N. Y.

FOR COLDS AND THROAT TROUBLES
FATHER JOHN'S MEDICINE
BUILDS STRENGTH
Soothes and heals the breathing passages. No dangerous drugs. Safe for all.

Data Hounds
The data hound is not peculiar to the advertising business alone. The ancient Greeks spoke of the man who couldn't see the forest because of the trees.
But in the advertising business there are many young men—it is a business itself not yet old.
These young men do not wish of course, to accept even the obvious—unchallenged.
And so with the air of co-tangent and slide rule, a great mass of data is compiled to the confusion of the new advertiser and the amusement of the old.
For, after all, the elements of advertising success are very simple and very hard.
Make worthy goods, put your name on them and tell many people about them continually for many years. For about all, "psychology" means human nature "potentiality" means human wants, and "cumulative effect" means repetition.

LOCAL MEN FAVOR LEVITAN'S PLAN TO REDUCE AUTO FEES

Endorse Proposal to Increase Gas Tax to 5 Cents and Reduce License

State Treasurer Solomon Levitan's plan of reducing auto license fees to \$1 and raising the gasoline tax to 5 cents a gallon has the endorsement of John E. Hantschel, county clerk, and T. H. Ryan, local attorney and former municipal judge.

Under Mr. Levitan's plan the license fee of \$1 would be collected by the county clerk thus eliminating the enormous expense now caused by the maintaining of the license bureau in Madison.

Commenting on the plan Mr. Hantschel said that despite the fact that under this plan the county clerk would be burdened with additional work he favored it because he felt that it was the more just distribution of the tax. He said the collection of the fee would be a simple bit of work for the clerk. At the end of each day the list of licenses issued and all other additional information could be forwarded to Madison where it would be transferred to the books.

This method would eliminate the present delay of from 10 to 14 days in securing auto licenses and it also would reduce the expense connected with the issuance of license, Mr. Hantschel believes.

He pointed out that the plan had been successfully tried in Michigan.

To take the place of the revenues which would be lost by the elimination of the expensive license fee Mr. Levitan proposes a 5-cent gasoline tax. He pointed out that the cost of collection the present 2-cent tax is very low and that very little increase would be necessary in collecting a 5-cent tax.

Mr. Ryan commenting on the plan, said he favored a law which made the users of the highways pay for them. He pointed out that at present the owner of a small car pays almost as large license fee as the owner of a large one. Under the new system the \$1 fee would equalize the license system while the owner of large car and the owner

STATE INCREASES ROUGH FISH CATCH

2,000,000 Pounds of Carp Removed from Waters in Single Year

Removal of 2,377,752 pounds of rough fish from Wisconsin waters during the last fiscal year was cited today by the Wisconsin conservation commission as evidence of its progress in this eradication work.

The policy of the commission in refusing to issue exclusive or long time contracts has largely done away with the former practice of some fishermen to "farm" lakes and streams for carp fishing. It explained. This "farming" meant taking only the readily marketable carp and other rough fish and leaving the smaller ones to grow to a more marketable size.

Exclusive and long time contracts on certain waters made this possible, but since they have been discontinued the practice has ceased, the commission stated.

From the two and one-third million pounds of fish caught by the commercial fishermen last year, the state's share, which went into the conservation fund, amounted to \$45,662.81. This money represents 25 per cent of the rough fish as food in eastern markets, the commission stated.

The fish, after they are taken from Wisconsin lakes, are transported to eastern markets, mainly New York, either alive in tank cars or frozen in refrigerator cars.

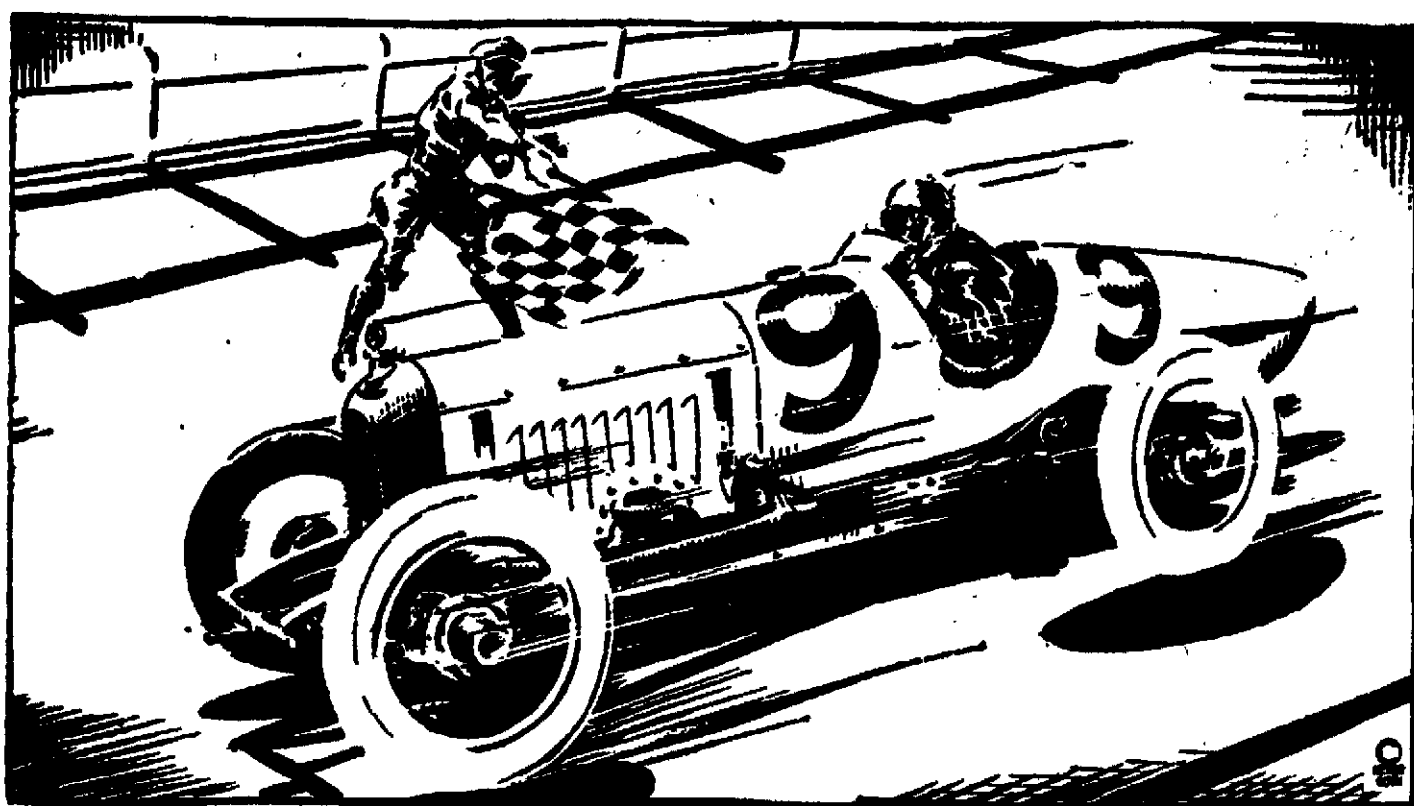

roads in Wisconsin, also would be paying for the use of the roads.

"While I favor the spirit and intent of Mr. Levitan's plan I would not immediately declare myself in favor of a 5-cent tax, however," Mr. Ryan said. "Perhaps a 4-cent tax would be sufficient."

NIGHT COUGHS

Pettibone's Annual Winter Rummage Sale

Begins Friday Morning, January 11th at 9
o'clock and Continues Throughout
the Following Week

THE RUMMAGE SALE is our big clearance sale of the winter. Every department has searched out its best values for you and every effort will be made to make shopping easy and pleasant for you no matter how great the crowd.

AT THIS ANNUAL BARGAIN EVENT you can supply yourself with smart dresses, coats, hats, lovely silk underthings, hosiery and a dozen other personal necessities at the greatest reductions of the whole year. Whatever you need for your home—linens, bedding, draperies, china and glass, household utensils—can be bought at the Winter Rummage Sale at low prices.

DON'T MISS THE RUMMAGE SALE It's the great opportunity of the winter to save money on staple and fashion-approved merchandise. It's worth any effort to save the opening day—Friday—exclusively for shopping at Pettibone's Rummage Sale.

Be among the first here on Friday Morning. Many of the finest bargains are in small groups and will be sold out very quickly.
